BUSIA, KENYA
COUNTY TREASURY

APPROVED SUPPLEMENTARY BUDGET ESTIMATES

FOR THE

FINANCIAL YEAR 2023/2024

AND

MEDIUM-TERM EXPENDITURE FRAMEWORK

JANUARY 2024

FOREWORD

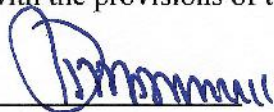

The FY 2023/2024 Supplementary Budget Estimates and Medium-Term Expenditure Framework (MTEF) has been prepared by the County Treasury in compliance with Section 135 of Public Finance Management Act, 2012 and its Regulations of 2015 and Article 201 of the Constitution of Kenya 2010 on openness and accountability in financial matters. These estimates have been aligned to the County Integrated Development Plan (CIDP 2023-2027), Annual Development Plan (ADP FY 2023/2024), and County Fiscal Strategy Paper (CFSP FY 2023 /2024), in line with the National Budget Policy Statement 2023(BPS 2023) and County Allocation of Revenue Act (CARA)2023.

The main objective of this Supplementary budget is to incorporate balances brought forward, pending bills, rollovers and Executive Order No.1 of 2023 while focusing on the vision of the Governor by supporting all County sectors which this budget document has addressed accordingly. It also lays emphasis on completion of the ongoing projects as well as initiating new development projects across the County.

The total Supplementary Budget Estimates for FY 2023/2024 is **Kshs. 10.093 Billion** which is **18 percent** increase from the Approved Budget Estimates FY 2023/2024. The County Government is expected to receive **Kshs. 7.476 Billion** from the National Government as Equitable Share, **Kshs. 552.51 Million** as loans and conditional grants and balance brought forward from FY 2022/2023 of **Kshs. 1.416 Billion**. In the Financial Year 2023/2024 the County Government has projected to raise **Kshs.649.02 Million** as own source revenue.

Further, in the FY 2023/2024 the total expected expenditure is **Kshs. 10.093 Billion** comprising of **Kshs. 6.819 Billion (68%)** as recurrent expenditure and **Kshs. 3.274 Billion (32%)** as development expenditure.

The ballooning pending bills as a result of underperformance on local revenue and delays in exchequer disbursement has made it difficult for the County Government to initiate and complete projects. The County Government continues to deepen the structures of devolved governance, strengthen revenue generation, enhance accountability and prudent use of public funds in order to enhance service delivery in line with the provisions of the Constitution of Kenya 2010, PFM Act, 2012 and its Regulations of 2015.

Hon. Topista N. Wanyama.

County Executive Committee Member – County Treasury and Economic Planning.

ACKNOWLEDGEMENT

The Supplementary budget preparation was an inclusive and wide-ranging participatory process. In admiration of the efforts made by various stakeholders in preparing the Supplementary budget, I am so grateful for the inputs received while preparing this document.

I recognize and acknowledge the efforts made in departmental planning, that led to the submission of Supplementary budget by the respective County Executive Committee Members, Chief Officers and their Directors. Special thanks go to the CECM, County Treasury and Economic Planning for her strategic leadership and guidance throughout the preparation of this budget.

Special appreciation is extended to Mr. Evans Wandera Wangata, Ag. Director Budget for his exemplary leadership during the preparation of the FY 2023/2024 Supplementary Budget and MTEF. Special thanks and appreciation are also extended to other officers including Mr. Amos Owana Imooh, Mr. William Chepkwony, Ms. Maureen Anyango Ochieng, Mr. Kevin Omondi Otieno, Mr. Abdallah Issa Omusugu, Ms. Beverly Anyokorit Ote, Ms. Marlene Ursula Ajiambo, Mr. Chrispinus Oroni, Mr. Faustine Adungo, Mr. Tiberious Muganda, Ms. Verah Ingutia and all the departmental budget officers for their due dedication and commitment throughout the data compilation and preparation of this budget document.

I wish to also thank the County Assembly for their tremendous support and input in the preparation of this budget document. In conclusion, my gratitude goes to His Excellency the Governor for his moral support, personal and professional input and providing a conducive environment for the accomplishment of budget estimates preparation.

Gypson O. Wafula

The table above shows the revenue and expenditure estimates for the FY 2023/2024. With respect to the revenue projection and revenue balances, equitable share has the highest percentage allocation of **74.07 percent** followed by Balances brought forward from **FY 2022/2023 of 14.03 Percent**, the County own source revenue with **6.43 percent** and the least is Conditional grants with **5.47 percent**.

Risk to Revenue Collection and Budget Implementation

Natural calamities pose the greatest risk to the county's development agenda. The most common disaster affecting Busia County is flooding in Bunyala Sub County. This calamity could delay programs implementation or lead to collapse of projects. Without proper contingency plans, funds meant for other programs could be redirected to mitigate against the effects of this disaster.

Linkages

The budget making processes are interconnected right from formulation, implementation and evaluation. In this regard, the FY 2023/2024 budget estimates is clearly linked to the Budget policy statement 2023 on Equitable share and Conditional grants allocations, County Integrated Development Plan (2023-2027) and the Annual Development Plan 2023 on the key priorities and strategies for Busia County, the County Fiscal Strategy paper 2023 that provides a basis for the expenditure ceilings as per PFM Regulation 26(4), 2015 and the Ceilings set in the County Budget Review and Outlook paper 2022.

1. Department of Smart Agriculture, Livestock, Fisheries, Blue Economy and Agribusiness

A. Vision

A leading County in food security and sufficiency for sustained livelihoods.

B. Mission

To improve the livelihoods of Busia County residents through the promotion of competitive agriculture, provision of support services while ensuring a sustainable natural resource base.

C. Performance Overview and Rationale for Funding

Budget Allocation and Expenditure Trends from FY 2019/2020-2021/2022

Expenditure Item	Budget Amount	Actual Expenditure	Absorption Rate
FY 2019/2020			
Employee Compensation	188,800,000	188,700,000	99.95
Operations and Maintenance (O&M)	34,000,000	26,900,000	79.12
Development	672,000,000	356,100,000	52.99
Total	894,800,000	571,700,000	63.90%
FY 2020/2021

Operations and Maintenance (O&M)	63,268,238	57,408,289	90.74
Development	853,864,863	610,902,535	71.55
Total	1,105,935,216	857,109,762	77.50%
FY 2021/2022			
Employee Compensation	185,802,115	185,802,115	100
Operations and Maintenance (O&M)	52,249,841	50,482,247	96.62
Development	995,165,312	454,187,861	45.64
Total	1,233,217,268	690,472,223	55.90%

The above table shows that there has been a steady rise in total budgetary allocation for the department from the FY 2019/2020 to FY 2021/2022 but with varying absorption rates. The highest absorption rate was recorded in the FY 2020/2021 (77.5%)

Major Achievements for FY 2019/2020- 2021/2022

During the period under review, the Department managed to record a myriad of achievements highlighted below per directorate;

Fisheries Development and Aquaculture Directorate

- ❖ Under Fisheries Directorate, the department Completed construction of Wakhungu fish hatchery which has a seed production capacity of 1.5 million fingerlings. This has increased access to quality fingerlings.
- ❖ The Directorate completed Construction of modern fish transshipment market which is expected to improve by 20% value and volume of fish handled at the market;
- ❖ The Directorate constructed 3 aquaculture parks in Samia, Butula and Teso South Sub Counties and also Completed construction of flood control dyke at Bukani in Samia sub county

Livestock Production Directorate

- ❖ 330 heifers were procured and distributed to farmers through departmental and ward development fund which is anticipated to contribute additional 0.1 Million litres of milk by 2024.
- ❖ To increase milk production, the department-initiated establishment of 2 Dairy parks in Butula and Teso South Sub Counties under Kenya Devolution Support Program (KDSP) with Butula Dairy Park 95% complete and Teso South Dairy Park 100%complete. Once equipped and operationalized, it will result in production of 0.4 million litres of milk annually thereby generating to a tune of Ksh 21.9 million to the county revenue.
- ❖ Under poultry programme, 2 poultry parks in Bunyala and Teso South sub counties were initiated and constructions works completed through the Kenya Climate Smart Agriculture Project (KCSAP). Mudembi Poultry Park and Asiriam Poultry Park are operational. The project is anticipated to increase access to quality indigenous poultry breeding material and improve market linkages in the Indigenous chicken value chain with production of 160,000 chicks per year and approximately 8900 trays of breeding eggs annually.
- ❖ 11,000 farmers countywide were trained on livestock husbandry practices and innovations through trainings, farm visits, on-farm demonstrations and field days. This was collaboratively achieved with partners, among them; Agriculture Sector Development Support Programme (ASDSP), KCSAP, KALRO, FIPS Africa, World Vision and ADS.

Veterinary Services directorate

- ❖ 120,000 cattle, sheep and goats were vaccinated against Lumpy Skin Disease, Anthrax and Foot and Mouth Disease. This led to reduced incidences of the notifiable diseases.

- ❖ 8000 dogs were vaccinated against rabies which is 100% increase in number compared to the previous financial year. This helped in moving towards the required international standard of 70% vaccination cover of all the dog population.
- ❖ 300 poultry farmer groups with approximately 350,000 chickens benefited from the New castle and fowl pox disease vaccine distribution. Loss of poultry due to the diseases reduced by over 50% due to the preventive measure.
- ❖ 200 litres of Acaricides were procured and distributed to dairy farmer groups and operational crush pens. Over 7500 animals were put into regular spraying activity with Acaricide.
- ❖ 1500 cows were served through Artificial Insemination in collaboration with partners which is projected to produce over 800 crossbreeds off springs that will produce over 7,000 extra litres of milk after 18 months.
- ❖ Under meat hygiene, meat inspection attires and equipment were procured and distributed to 14 meat inspectors and 30 flayers across the county. This greatly improved hygiene, efficiency and staff safety during meat handling and inspection.

Smart Agriculture directorate

- ❖ A total of 2,000 bags of improved cassava cuttings were procured and distributed to farmers which was planted in 286 acres with an expected yield of 2,059 tons of wet and 515 tons of dry cassava.
- ❖ From the past soil sampling and testing reports, they indicated that 70-80% of our soils were found to be acidic (4.2-5.2) therefore affecting productivity per unit area for most crops. to address this, the county has been conducting soil liming
- ❖ Under input Access programme, a total of 69 tons of certified maize seed was procured and distributed to farmers. This Translated to 6,897 Acres of maize planted with an estimated production of 55,174 of 90 Kg bags.
- ❖ 915 bags of basal fertilizer was procured and distributed to farmers. Beneficiaries were among those who benefitted from the certified maize seeds.

Constraints and Challenges in Budget Implementation

- ❖ Limited budgetary allocation- scarcity of financial resources to finance department's priority programs/projects.
- ❖ Technical challenges: - few motorbikes available to support extension
- ❖ Human resource challenges- Understaffing and limited opportunities for refresher
- ❖ courses.

- ❖ High poverty levels hence making it difficult for most farmers to adopt modern farming methods and techniques that are capital intensive
- ❖ Political challenges: inadequate enabling policy and legislative framework, competing interest by political players in prioritizing and distributing projects across the county
- ❖ Porous border hampering control of trans-boundary diseases
- ❖ High cost of Artificial insemination services which impacts on breeding management

Lessons Learnt and Recommendations

- ❖ Correct use of quality inputs is a recipe for success; quality inputs are costly but when farmers see that benefits outweigh costs, they are willing to invest, demonstration plots by lead farmers have successfully convinced networked farmers that improved input use is worth the price
- ❖ Mechanization improves efficiency but farmers must be ready to adopt → Increasing profit and decreasing effort retains youths in Agriculture
- ❖ Funding of programs in consideration with the proposed budget to ensure full allocation for projects to completion
- ❖ Avail funds to support extension services
- ❖ Facilitate Artificial insemination subsidy program
- ❖ Enact laws and policies to enhance service delivery

Major Services /Outputs to be provided in the FY 2023/2024-2025/2026

The major Services /Outputs that will be provided by the department include; Extension and Training services, veterinary disease control, meat inspection, subsidized farm mechanization and Subsidized Agricultural, Livestock and fisheries inputs.

To undertake these programmes, the FY 2023/24- 2025/26 MTEF estimates for the sector are projected to be **Ksh. 2,821,644,403** For the FY 2023/24, **Ksh. 1,135,709,197** has been set aside for the sector. For FY 2024/25 and FY 2025/26 the projections are **Ksh. 802,826,289** and **Ksh. 883,108,918** respectively.

D. Strategic Objectives

CP 1: General Administration and Support Services

To facilitate the coordination of all programs within the department

CP2: Land Use and Management

To promote prudent land management practices

CP3: Crop Production and Management

To Increase Crop Production and Productivity

CP4: Agricultural Training

To Increase Agricultural production

CP5: Fisheries Development and Aquaculture

To Promote Fisheries infrastructure, aquaculture development and Environmental sustainability

CP6: Livestock Production and Marketing

To increase livestock production

CP7: Veterinary Services

To Improve Animal Health and enhance food safety

2. Department of Trade, Investment, Industrialization, Cooperatives Small and Micro Enterprise (SME)

A. Vision

A leading department in the promotion of Trade, Cooperative Development and investment

B. Mission

To provide high quality services through efficient and effective co-ordination, formulation, and implementation of policies and programs and create an enabling environment that encourages trade and investment while promoting development through the co-operative business model.

C. Performance Overview and Rationale for Funding

To efficiently and effectively deliver its services, the department has four directorates namely: Trade & Industrialization, Co-operative Development, Investment, Weights and Measures and Alcoholic Drinks Control

The department is mandated to promote trade, investments and Industrialization as well as creating an enabling environment that promotes cooperative development and fair-trade practices.

The overall objective of the directorate of trade is to promote self-reliance amongst the citizens of Busia County, enhancement of business, job and wealth creation through diversification, innovation, value addition, market linkages and trade infrastructural development.

Through the directorate of trade, the department oversees and promotes cross-border trade through cross-border committees that were formed after establishment of Cross Border Traders Association. This ensures seamless movement of goods and services across the international border and across inter -county borders. It provides traders with requisite trade information to facilitate business networks.

Expenditure Trends FY 2019/2020-2021/2022

In FY 2019/2020, the department was allocated a total of Kshs.247.1Million and spent Kshs.110.2 Million, representing an absorption rate of 45%. The department's expenditure for FY 2020/2021 was Kshs. 146.4Million against an approved amount of Kshs.301.4Million, representing an absorption rate of 49%. In the FY 2021/2022 the department spent Kshs.132.4Million against a target of Kshs.318.9Million, representing an absorption rate of 41%.

Major Achievements for FY 2019/2020- 2021/2022

- ❖ The department realized improvements in the business environment due to the construction of 8 markets. Among the markets constructed included Adungosi (FY 2020/2021) Murumba (FY 2021/2022), Bukhalalire (FY 2020/2021), Angorom (FY 2019/2020), and Aboloi (FY 2019/2020) while markets renovated were Moding (FY 2019/2020), Ganga (FY 2019/2020), and Port Victoria (FY 2019/2020). Further, an improved business environment has been necessitated by increase in the number of small-scale traders accessing credit, under the planned period FY (2020/2021) 204 traders received loans.
- ❖ The department was able to construct 2 modern Ablution blocks at Nambale Bus Park (FY 2021/2022) and Adungosi (FY 2020/2021).
- ❖ There were also significant improvements in the creation of a vibrant and sustainable cooperative movement for improved incomes. The improvement was influenced by the development of 22 cooperative societies in F/Y (2019/2020), 25 Cooperative Societies in F/Y (2020/2021) and 30 Cooperative Societies in F/Y (2021/2022) and the county's ability to conduct 20 audits on cooperative societies in F/Y (2019/2020), 18 Cooperative audits in F/Y (2020/2021) and 22 Cooperative audits in F/Y (2021/2022).
- ❖ There was improvement in consumer protection through improved fair-trade practices. Increased consumer protection was enhanced due to improvement in the number of legal metrology equipment examined, tested and verified (FY 2019/2020) 2079, (FY 2020/2021) 1807, (FY 2021/2022) 674.
- ❖ Cooperative Development Enterprise Fund was able to issue loans to 21 Cooperatives Societies in F/Y (2019/2020) and another loan to 7 Cooperatives societies in F/y (2020/2021)

Major Services /Outputs to be provided in the FY 2023/2024-2025/2026

During the 2023/2024 financial year, the department will implement programmes targeting co-operative growth, trade enhancement, industrialization, fair trade practices and support to Micro Small and Medium Enterprises (MSMES).

The directorate is supporting small and micro and small enterprises by giving them loans through the Trade Development Revolving Fund. The traders are also trained and equipped with enterprise management skills. Through the Co-operative Enterprise Development Fund, Co-operative institutions continue to receive financing that revolve among the more than 100 cooperative societies in the county.

The directorate of cooperatives continues to promote new cooperatives and to strengthen them through education and training of cooperative leaders, staff and members

The Weight and Measures Unit ensures that verification of weighing machines in business premises has been done so as to meet the customer satisfaction in terms of quantity and quality of goods or produce being sold to them.

Further, the department will continue to spearhead construction of markets and market stalls across the county in addition to strengthening capacity of co-operatives. To effectively discharge its mandate, the department intends to upscale loans to cooperatives by increasing funding through the Co-operative Enterprise Development Fund through which registered co-operatives can access affordable loans for various projects. This will support and promote entrepreneurship, innovations, value addition and ultimately increasing incomes across the county.

To undertake these programmes, the FY 2023/24- 2025/26 MTEF estimates for the sector are projected to be **Ksh.1,534,389,933** For the FY 2023/24 **Ksh. 501,504,572** has been set aside for the sector. For FY 2024/25 and FY 2025/26 the projections are **Ksh 491,850,172** and **Ksh. 541,035,189** respectively.

3. Department of Education and Industrial Skills Development

A. Vision

A quality education and training for all to transform Busia into an intelligent County in the frontline of global progress and innovation.

B. Mission

To provide accessible, holistic, quality education and training to all for the socio economic and sustainable development of Busia County.

C. Performance Overview and Rationale for Funding

Brief description of mandate

The Constitution of Kenya 2010 Article 43(f) guarantees each person the right to education. Article 53 provides for free and compulsory basic education to all children, basic nutrition, shelter, and health care. Equally, Sustainable Development Goals (SDGs) were adopted by all United Nations member states in 2015 as a universal call to action to end poverty, protect the planet and ensure that all people enjoy peace and prosperity by 2030. SDG No. 4 seeks to ensure inclusive and equitable quality education and promote lifelong learning opportunities for all.

In this regard, the department through the Directorate of Early Childhood Education has made deliberate efforts to ensure that pre-primary learners are provided with opportunities to enhance their cognitive, social, emotional, and spiritual development. This has been achieved by improving infrastructure in ECDE centers, improving the teacher-to-learner ratio (employing a minimum of 2 teachers per center), provision of learning material and conducting quality assurance and standards assessments.

The Directorate of vocational training and skills development has continued to develop an effectively coordinated and harmonized TVET system that is capable of providing quality skilled human resources with the right attitude and values required for the growth and prosperity of the county. This has been possible through the development of relevant policies, improvement of infrastructure, provision of modern tools and

equipment and ensuring that additional qualified instructors are recruited to provide quality training in vocational training centers.

Expenditure Trends FY 2019/2020-2021/2022

In FY 2019/2020, the department was allocated a total of Kshs.654.4Million and spent Kshs.438.3 Million, representing an absorption rate of 67%. The department's allocation for FY 2020/2021 was Kshs. 749.4Million against expenditure amount of Kshs.544.9Million, representing an absorption rate of 73%. In the FY 2021/2022 the department was allocated Kshs.703.1Million against expenditure of Kshs.467.6Million, representing an absorption rate of 67%.

Major achievements based on the planned outputs/services for 2019/20-2020/21 Budget

The Directorate of Early Childhood Education was able to successfully undertake the following programs:

- To increase access and quality of education in ECDE, the directorate has continued to improve the infrastructure in the ECDE centers by completing the construction of 26 child-friendly ECDE classrooms and toilets increasing the number of classrooms constructed to 286.
- The directorate also distributed the approved curriculum design to all public ECDEs. This has aligned teaching /learning to the new Competency-Based Curriculum (CBC).
- Change of terms of 535 ECDE teachers from contract to permanent and pensionable terms.
- Capacity built 535 ECDE teachers on CBC in collaboration with World vision.

The Directorate of Vocational Training was able to successfully undertake the following programs:

- Several Vocational Training Centers were also equipped with relevant tools and equipment.
- Recruited 14 instructors to bridge the training gap, boost service delivery and quality of training in VTCs.
- Initiated the construction of new administration block at Onyunyur, Namasali and Okisumo VTC, computer lab at Khayo VTC and ablution block at Busagwa VTC which are expected to be completed in this FY.
- Inducted instructors on matters public service, service delivery and performance contracting.

Constraints and challenges in budget implementation and how they will be addressed

Challenges

- Inadequate resources to meet demands of the department in addressing the challenges of dilapidated infrastructure both in ECDE Centers and Vocational Training Centers, School feeding program and inadequate teachers in ECDE and Vocational Training Centers and Capacity building of education staff.
- High poverty level in Busia has greatly affected enrollments in the VTCs despite efforts by national and county governments in issuing grants. Most parents can hardly pay for feeding programmes, registration fees and examinations fees.
- Teenage pregnancy among the youth has negatively affected the enrollment in our VTCs centers.
- Lack of ICT facilities to enhance digital learning in ECDE centers and Vocational Training Centers hampers their digitization prospects.
- Inaccessible environment, lack of appropriate learning materials, shortage of qualified teachers and discrimination from peers for students with disabilities

Lessons Learnt and Recommendations

- Poverty and ignorance among the community on the need for early childhood education has had a negative impact on enrollment hence sensitization of communities on need to support ECDE education will help in improving access to quality early childhood development education
- Project sustainability is guaranteed with absolute public-private partnerships (PPPs) engagements to reduce over-reliance on limited equitable shared revenue to support ECDE and VTCs
- Internet connectivity and purchase of ICT equipment will boost digital learning as part of the broader strategy to ensure equitable access to quality education and lifelong learning opportunities hence need for enhanced and more efforts from the government and education stakeholders is required.

Major services/outputs to be provided in the 2023/24 – 2025/26 Medium – Term Budget

The directorate of Early Childhood Education is committed to offer access to equitable and quality pre-primary education with the aim of improving enrollment rate, transition rate and inclusive education for learners with disability. The directorate plans to construct Modern ECDE centers (Twin classrooms) which are Child and disability

friendly, renovate ECDE classrooms, Equipping of ECDE centers with WASH facilities, introduction of school feeding program, Digital learning and establishment of Childcare facilities.

In the FY: 2023-2024- 2025/26, the department under the directorate of Vocational Training will continue to promote access, equity, quality and relevant training by building and equipping workshops in Vocational Training Centers, Enhancement of Education support scheme and establishment of home-crafts centers across the county this will boost the workforce that is required hence achieving an empowered and self- reliant goal among the Youth.

The key priority projects include; Construction of Modern ECDE classrooms (Twin classrooms), School feeding Program, digital learning enhancement, Construction of Twin Workshops, administration blocks, Enhancement of Education support scheme, Equipping of Vocational Training Centers and Relocation of Busia vocational training center.

4. The County Treasury and Economic Planning

A. Vision

To be a prosperous County committed to prudent financial management, economic planning and technological innovation.

B. Mission

To provide high quality financial, economic and advisory services through efficient and effective fiscal planning, resource mobilization, budget administration, coordination, formulation and implementation of policies and programs for accelerated, equitable and sustainable development for the citizens of Busia County through technological innovation.

C. Performance overview and Rationale for funding

The department consists of eight directorates; Budget, Economic Planning, County Bureau of Statistics, Monitoring and Evaluation, Accounting services, Internal Audit, Supply chain management and Revenue which are committed to attaining high levels of prudence in financial management, financial reliability and sustainability, high quality service delivery and optimum structural, institutional and Human capacity through transparency and accountability, integrity, professionalism, Creativity and innovation, citizen participation, team spirit and patriotism.

The department comprises of County Treasury and Economic Planning sections. The County Treasury section consists of Directorate of Budget whose role is preparation of County budget and planning documents, Directorate of Accounting Services mandated to undertake payments and production of financial reports, Directorate of Revenue is responsible for collection of own- source local revenue, Directorate of Internal Audit which is responsible for carrying out audits of the County projects to ensure value for money is realized and Directorate of Supply Chain Management which undertakes procurement of goods and services for various County entities. Economic Planning section consists of Directorate of Monitoring and Evaluation responsible for continuous monitoring of County projects during the implementation phase as well as end term evaluation to assess the impact of projects, Directorate of County Bureau of Statistics responsible for coordinating development, production and dissemination of statistics emanating from the various departments and agencies of the County Government and Economic Planning Directorate that prepares development plans, provide advice on planning and economic policy issues to the executive and undertaking economic analysis among others.

The department is responsible for the financial management of the County Treasury. Its key functions are; revenue collection and Management; planning and budgeting, appropriate procurement of goods and Services, formulation and promotion of County fiscal and economic policies.

Expenditure Trends FY 2019/2020-2021/2022

In FY 2019/2020, the department was allocated a total of Kshs.918.2Million and spent Kshs.877.3 Million, representing an absorption rate of 96%. The department's allocation for FY 2020/2021 was Kshs. 916.1Million against expenditure amount of Kshs.910.6Million, representing an absorption rate of 99%. In the FY 2021/2022 the department was allocated Kshs.945.4Million against expenditure of Kshs.930.2Million, representing an absorption rate of 98%.

Key achievements.

- Budgeting and planning were timely done which assisted in implementation of county priority programs and projects across various departments. Moreover, technical support, advice and guidance on fiscal and budgetary matters were availed to all stakeholders in the County.
- The directorate of Economic planning effectively discharged its mandate in formulation, coordination of implementation, monitoring and evaluation of economic development plans, policies and strategies geared towards achieving county development agenda. The directorate spearheaded preparation of Annual Development Plan. Furthermore, through the M&E unit, monitoring and evaluation of county projects and partial operationalization of the ECIMs was undertaken.
- Accounting services through its mandate ensured proper control and accounting for receipt and expenditure of public funds which was achieved through development of financial policies and procedures, administration of applicable legislation, timely preparation of financial statements and financial reports.
- Supply chain management directorate enhanced adoption and implementation of e-procurement as a method of procuring goods and services in line with the Public Procurement and Asset Disposal Act, 2015.

Challenges.

- Inadequate infrastructure to harness and maximize revenue generation from various streams. Furthermore, there is limited infrastructure for full automation of all revenue sources. Inadequate computers, scanners (for hospitals), printers and Point of Sale machines (POS) to man all revenue sources mapped as they are prone to tear and wear hence need for regular servicing and replacement of those whose lifespan has been exceeded.
- Inadequate capacity building and training for the staff to meet the changing dynamics of operations.
- Lack of audit management tools; Essential audit management software (Teammate and IDEA software), as recommended by the National Treasury, have not been acquired by the County.
- Technical challenges: Quality data- data obtained from the department is not always adequate and sometimes not verifiable hence the need to come up with a framework for the county government to collaborate and partner with KNBS in conducting surveys

Way Forward

To address the aforementioned challenges the department has plans in place to establish a statistical unit and data centre, establish an ERP system to automate the County services and processes and staff capacity building and training will be prioritized to improve on service delivery to the citizens.

To undertake these programmes, the FY 2023/24- 2025/26 MTEF estimates for the sector are projected to be Ksh 2,407,939,402. For the FY 2023/2024 Ksh. 730,195,450 has been set aside for the sector. For FY 2024/25 and 2025/26 the projections are Ksh. 798,955,692 and Ksh. 878,818,261 respectively.

5. Department of Youth, Sports, Culture, Gender and Creative Arts

A. Vision

A socially self-driven and empowered community.

B. Mission

To mobilize the Busia Community for sustainable social protection, talent nurturing, heritage preservation and creating equal opportunities for children, youth, women, PLWDs, Older Persons and other vulnerable groups for holistic growth and development.

C. Performance Overview and Rationale for Funding

The department is comprised of seven directorates namely; Youth Affairs, Sports Affairs, Gender Affairs, Culture, Tourism and Social Protection. The department is mandated to mobilize the communities in Busia County for sustainable social protection, talent nurturing and creating equal opportunity for Youth, Women, PWDs, Older Persons and other vulnerable groups for holistic growth and development.

The department through the directorate of Culture was able to undertake various programmes such as the KICOSCA, National Day Celebration, Cultural festivals and Music festival games with an objective to promote and develop own Culture.

Expenditure Trends FY 2019/2020-2021/2022

In FY 2019/2020, the department was allocated a total of Kshs.130.8Million and spent Kshs.114.8 Million, representing an absorption rate of 88%. The department's allocation for FY 2020/2021 was Kshs. 184.4Million against expenditure amount of Kshs.119.9Million, representing an absorption rate of 65%. In the FY 2021/2022 the department was allocated Kshs.217.2Million against expenditure of Kshs.117.3Million, representing an absorption rate of 54%.

Key Achievements

The Directorate of Sports has targeted to support 4 teams for the KYISA games that include football, volleyball for both gender and basketball.

The Directorate of Social Services has disbursed a total of Ksh. 9.5M to vulnerable groups across the County. This will facilitate and enhance social economic growth.

The department issued grants to cultural groups and women amounting to Ksh 3M which was used by the recipients to start business enterprises and sustain the existing group activities they undertake. These funds have enabled women and cultural groups to encourage their peers to register with the department in order to receive similar resources for their well-being.

Challenges

The department experienced a number of challenges among them delayed funding from the National Treasury resulting into delayed implementation of programmed activities

Operations related constraints such as office space, working equipment and transport means.

To undertake these programmes, the FY 2023/24- 2025/26 MTEF estimates for the sector are projected to be Ksh. 731,934,284 for the FY 2023/24 Ksh. 183,978,023 has been set aside for the sector. For FY 2024/25 and 2025/26 the projections are Ksh. 259,108,220 and Ksh 278,848,042 respectively.

6. Department of Transport, roads and Public Works

A. Vision

To develop quality, reliable, sustainable and resilient infrastructure and provide access to safe affordable public transport systems.

B. Mission

To expand public transport and build infrastructure with special attention to the needs of women, children and people with disability through the production of appropriate designs and increase investment.

C. Performance overview and Rationale for Funding

The department is made up of four directorates namely: Transport and Fleet Management, Public Works and Roads. Its mandate is to provide an enabling environment for investment in the county and sustain standard road networks and public infrastructure. It gives technical and supervisory assistance to other departments in project implementation.

The priority focus of this department is, Upgrading County roads to bitumen standards, routine maintenance of county roads, road safety campaigns, building works, rural electrification and access to renewable energy, maintenance of electrical works, and solar installation projects.

Expenditure Trends FY 2019/2020- FY 2021/2022

In the FY 2019/2020, the department was allocated 1.01Billions and managed to spend 528.4Millions which constituted 53% of the total allocation. In FY 2020/2021, the department was allocated 1.49Billions of which 1.07Billions was spent, constituting 72% of the total allocation. In the year 2021/2022, the department was allocated 1.23Billions and only managed to spend 489.6Millions which constituted 40% of the total allocation given.

Major Achievements for FY 2019/2020- 2021/2022

During the planning period 2019/2020, the department completed the upgrading of 1.071KM of county roads (Hotel Rastopark –Scorpion Chemist Garage Street - Rowcena Hotel, and Kocholia hospital access road in Malaba) to bitumen standard. The department also carried out routine maintenance of roads under Road Maintenance Levy Fund conditional grant. Under Kenya Devolution Support Program (KDSP) the department constructed 12.5KM road from Machakusi to Gara thus connecting 3 sub-counties (Teso South, Teso North and Nambale).

Under public works directorate, the department constructed 10 culverts in different locations in the county. They include; Kimajwa box culvert in Malaba South, Budama-Budunga box culvert in Elugulu ward, Bwiri ward cross road culverts, Angurai south cross road culverts, Chakol north ward cross road culverts, Nyalwanda cross road culvert in Kingandole ward, and Burumba ward cross road culverts just to mention a few. The directorate also undertook the construction of Sisenye market shade face I.

The directorate of energy implemented a total of 22 rural electrification schemes. 11 of these projects involved grid expansion by way of installation of new transformers while 11 schemes were grid densification by maximizing existing transformer infrastructure. This was achieved at a cost of Ksh. 54M in partnership with REREC under the matching fund facility MoU.

For the FY 2020/2021, The directorate of roads constructed 5.83 kilometres of standard bitumen roads in Amerikwai – Airstrip Road, Funyula Town Road, Bumala Market Access Road, Amagoro Primary – Aleles road, and Adungosi market road. In the same FY, the department maintained 142.1KM of roads across 35 wards in the County.

Under Public Works, the Department undertook the construction of major drainage systems and Culverts. These include Busibwabo-Nasewa foot bridge linking Busibwabo to Matayos South ward, Kiriko box culvert in Malaba South ward, Agoromit-Gara box culvert linking Malaba South to Amukura East ward, Mama Amuchere box culvert in Malaba North ward, Okisimo-Kamusogon box culvert in Bukhayo North ward, Kasinge-Kangurakol box culvert in Angurai North ward, Cross road culverts in Agenga Nanguba, Ekisegere cross road culvert in Malaba Central ward, Ikapolok-Okuleu cross road culvert in Malaba Central ward, and Kabuodho – Kanoti box culvert in Nangina ward among others.

The department also did refurbishment of Nyalwanda dispensary, Fenced and constructed a Ward Office in Kingandole.

The directorate of energy installed 20 transformers in various villages to promote rural electrification enhancement through the implementation of 35 rural electrification schemes across the County estimated at a value of 74.1 million in partnership with REA under the matching fund facility. These schemes have created access to and connected 1,796 households/new customers to the National grid.

Challenges

- Lack of a material testing laboratory to carry out tests, hence relying on the nearest facilities in Bungoma and Kisumu, it also causes a strain in the allocated funds.
- Sand harvesting along roadsides leading to undermining of roads and drainage structures e.g., culverts leading to severe destruction of roads by surface runoff and expensive remedial works
- Inadequate funds allocated to the department and removal of vote heads previously allocated causing projects to stall and others not to kick off.
- Inadequate supervision vehicles.
- Inadequate road construction equipment hence the few which are available are overstretched and prone to breakdowns, and yet the maintenance budget is meagre. This in turn affects the targeted output owing to low efficiency and effectiveness.
- Lack of axle load control (weigh bridge) on county roads leading to overloading especially by cane, building materials transporters leading to premature failure of gravel roads.
- Loss of solar lighting equipment through vandalism.
- An ageing lighting infrastructure that needs overhaul maintenance.
- Frequent disconnection of grid powered street lights due to late bill payments.

Recommendations

- There is a need to establish and equip mechanical workshops to offer minor services to all county vehicles, leaving only major services to be undertaken by the dealers.
- Purchase of more road construction equipment to meet the ever-increasing demand.
- Following the collapsing of the RMLF fund into equitable share, the County needs to allocate adequate resources towards maintenance of gravel roads.
- The department should purpose to construct a material testing lab to enhance quality of construction materials, and augment the departmental revenue collection.

The key priority areas in the medium term will be;

- Routine Maintenance of County Roads either through the county's allocation or fuel levy fund and Upgrading of County Roads to Bitumen standards,
- Construction of minor and major drainage (Bridges & Box Culverts) Countywide, maintenance of acquired roads construction equipment
- Emergency roads and public works, road and water safety campaign programme, construction and equipping of material laboratory
- Rural electrification programme
- Installation and maintenance of street and solar lights
- Renewable energy campaign (Development of Energy Saving Jikos, D Lights)

To undertake these programmes, the FY 2023/24- 2025/26 MTEF estimates for the sector are projected to be Ksh 2,186,751,171. For the FY 2023/24 Ksh. 672,082,197 has been set aside for the sector. For FY 2024/25 and 2025/26 the projections are Ksh 721,270,940 and Ksh. 793,398,034 respectively.

D. Strategic Objectives

CP 27: General administration support services

To facilitate the coordination of programs within the department

CP 28: Road Network

To have safe, accessible, affordable, and sustainable transport for all

CP 29: Alternative Transport Infrastructure Development

To connect Busia County to other counties and the country by alternative forms of transport

CP 30: Building Infrastructure Development

To improve the working environment and enhance standards for roads and building works

7. Department of Public Service Management

A. Vision

To be a benchmark for high performing, dynamic and ethical public service.

B. Mission

To facilitate a safe environment for an effective and productive work force that guarantees personal growth and sustainable development.

C. Performance overview and Rationale for funding

Introduction

The Department of Public Service Management is composed of three sections namely; Human Resource, Security and Enforcement and Communication. In discharging its functions, the department liaises with the County Public Service Board in coordinating Human Resource and Records management functions.

The Department is charged with ensuring effort utilization and maximum development of human resource to embrace modern delivery, creating a harmonious working relationship between Management and employees, ensuring conformity to the relevant laws and regulations, streamlining and automating records management system, and ensuring effective administrative services.

The strategic goals, plans and objectives of development are to provide a conducive environment for effective and efficient workforce when embracing modern technology for delivery of quality service.

Mandate

The Mandate of the Department as per the Executive order No.1 of 2023 is to undertake the following: -

- i. Human Resource management and Development
- ii. Records Management
- iii. Staff Performance Management
- iv. Training and Capacity Building
- v. Organizational Design and Development.
- vi. Industrial relations.

- vii. Staff Benefits and Welfare Schemes.
- viii. Guidance and Counselling HIV and AIDs.
- ix. Employee relationship.
- x. Promotion of Staff Cohesion.
- xi. Staff Payroll Management

The Strategic goal, plan, target and objective of the department is to provide a conducive environment for an effective and efficient workforce while embracing modern technology for delivery of quality service.

Expenditure Trends FY 2019/2020- 2021/2022

In FY 2019/2020, the department was allocated a total of Kshs.395.3Million and spent Kshs.187.1 Million, representing an absorption rate of 47%. The department's allocation for FY 2020/2021 was Kshs. 450.8Million against expenditure amount of Kshs.447.3Million, representing an absorption rate of 99%. In the FY 2021/2022 the department was allocated Kshs.391.2Million against expenditure of Kshs.376.0Million, representing an absorption rate of 96%.

Key Achievements

1. Ensured adhered to HR policies and law
2. Revamping of performance contracting
3. Staff training on alcohol, drug and substance abuse
4. Pre- retirement training
5. Management of staff pension
6. Promotion of staff cohesion, by ensuring fair labour practices.
7. Ensured staff do not earn below a third of their basic salaries
8. Facilitated staff with disabilities obtained tax exemption its certificates.
9. Sensitized staff on proper records management
10. Reduction in salary payments outside the IPPD

Challenges in Budget Implementation

1. Inadequate working space for staff
2. Insufficient Budgetary Allocation, hence limiting the scope for service delivery as most programs are underfunded.
3. Insufficient workforce hence limiting the performance output per staff as most staff are overworked.

4. Mobility challenges- lack of motor vehicles and motor cycles for supervision

Lessons Learnt

1. Need for early planning.
2. Need for adequate Budgetary allocation.
3. Collaborating with Non state actors is effective in resource mobilization
4. Continuous consultation between elected and administrators is key in-service delivery

Way Forward

1. Timely disbursement of funds to departments to ensure programs run as per the timelines.
2. Prudent use of allocated resources.
3. Early Planning should be adhered to so as to ensure the intended purposes for funding is achieved.
4. Construction of all Sub County Headquarters that can accommodate all County at the Sub County Level.
5. Construction of model ward offices to avoid renting shops
6. Purchase one vehicle per sub county and motor bikes for wards and village administrators.
7. Provide adequate budget for office operations and capacity building
8. Recruitment of casual support staff to assist village administrators.

To undertake these programmes, the FY 2023/24- 2025/26 MTEF estimates for the sector are projected to be Ksh 1,638,174,054. For the FY 2023/24 Ksh. 512,469,929 has been set aside for the sector. For FY 2024/25 and 2025/26 the projections are Ksh 540,128,424 and Ksh. 585,575,701 respectively.

D. Strategic Objectives

CP 31: General Administration and support services

To increase efficiency and effectiveness in public service delivery

8. Department of Lands, Housing and Urban Development

A. Vision

An excellent Department in land and urban management and in the provision of affordable and quality housing for sustainable development.

B. Mission

To facilitate improvement of livelihood of Kenyans through efficient administration, equitable access, secure tenure, suitable management of land resources and access to adequate housing.

C. Performance Overview and Rationale for funding.

The department comprises of the following Directorates; Land and Survey, Housing, Urban Development, Physical Planning and General Administration and two Municipalities; Busia and Malaba.

The mandate of the department is to provide effective and efficient services on Land, Housing and Urban Centres.

Expenditure Trends FY 2019/2020-2021/2022

In FY 2019/2020, the department was allocated a total of Kshs.413.0Million and spent Kshs.186.7 Million, representing an absorption rate of 45%. The department's allocation for FY 2020/2021 was Kshs. 483.8Million against expenditure amount of Kshs.203.7Million, representing an absorption rate of 42%. In the FY 2021/2022 the department was allocated Kshs.486.1Million against expenditure of Kshs.145.4Million, representing an absorption rate of 30%.

Key Achievements

In the FY 2021/2022, the department made various achievements through its directorates. The department managed to purchase fifty-seven point seven five (57.75) acres of land in various wards for different ward development projects, ranging from dispensaries, ECD schools, polytechnics, milk parks, markets and water projects; Okoa market, Elukhari dispensary, Onyunyur VTC, Nasira Dispensary, Mujuru water project, kajoro Apokor Secondary school, kiriko market, Simuli Secondary school, Cultural centre, Bujwang'a market and Agogom polytechnic. In bid to secure these parcels of land and others purchased in the previous financial years, the department is finalizing the registration of the parcels of land.

Furthermore, the department has continued to secure Government lands through installing posters indicating "Government land" for various projects which it has done on Musoma public land in Kingandole ward and surveying of the Government land to protect them from encroachment by the public.

Over the planned period, the department oversaw the renovation of the county government headquarters. Furthermore, the department did provide adequate office space for county employees through leasing of three office blocks; Port Victoria Plaza, Inyanja and Pramukh blocks.

Infrastructural Development is key in growth of the urban centers and towns. The department installed solar mass lights at Maduwa and Siekunya in Nambale Township ward.

In a bid to improve and develop Municipality infrastructure and aesthetics, the department through the Municipality of Busia started works on upgrading of Alupe Complex Ring Road. This project is aimed at improving urban connectivity through infrastructural development and economic growth.

To undertake these programmes, the FY 2023/24- 2025/26 MTEF estimates for the sector are projected to be Ksh 1,142,966,827. For the FY 2023/24 Ksh. 425,177,626 has been set aside for the sector. For FY 2024/25 and 2025/26 the projections are Ksh. 335,605,268 and Ksh. 369,165,795 respectively.

9. Department of Water, Environment, Irrigation, Natural Resources and Climate Change

A. Vision

A clean, secure and sustainable environment.

B. Mission

To promote, conserve and protect the environment and improve access to clean water for sustainable development.

C. Performance Overview and Rationale Funding

Mandate

The Department is composed of five directorates, namely; Water , Irrigation, Environment and Natural Resources Climate Change and Energy.

The Department is mandated to ensure the people of Busia County are provided with desired service levels in water provision under a secure and sustainable environment, developing efficient Irrigation systems to ensure food security and to capacity build on Climate change Adaptation and Mitigation at the watershed levels in the County.

The Department is developing infrastructure to mitigate challenges of professional service delivery, sustainable operation and maintenance, adequate access to services and protect water catchment zones that include river sources and wetlands that run across the County that need protection and rehabilitation. The vegetation cover is being expanded to levels that will influence environmental changes resulting to a direct positive impact on climate change and the quality of water.

Expenditure Trends FY 2019/2020-2021/2022

Period	Budget Allocation (Kshs. Millions)	Actual Expenditure (Kshs. Millions)	Absorption Rate (%)
FY 2019/2020	676.3	355.2	53%
FY 2020/2021	824.5	519.8	63%
FY 2021/2022	679.1	340.4	51%

Major Achievement

The department's key achievements were as follows: The establishment of an effective maintenance strategy measures for water supplies, alternative water sources like boreholes, springs, dams and shallow wells, drilling of new boreholes and equipping with solar pumping systems and protection of springs thus increasing access to safe clean drinking water, repairing and maintaining County managed Water Schemes such as Port, Victoria,

Busijo, Benga among others, 12 water points e.g., Angurai East like Changara market borehole respectively, Restoration of degraded areas through afforestation in areas threatened by Sand Harvesting, Quarrying and Erosion in places like Osipata, Madivira, Apegei/ Aciit and Odioi, carried out feasibility study and validation of technical designs of Angololo Multi-purpose dam, developed of MOU between Kenya and Uganda on operationalization of the project, initiated formation of County Irrigation Development and Coordination Committee (CIDCC) and Climate changes directorate was operationalized to oversee matters Climate Change

Challenges In Budget Implementation

The department's activities encountered some constraints like; High cost of electricity due to over-dependence on hydroelectric power to automate water transfer, Inadequate pipeline in high yielding water sources, pollution and encroachment in our ecosystem, destruction of infrastructure by other actors like road construction, dilapidated irrigation infrastructure and non-functional schemes in the County and global climatic changes affecting the entire human settlement and development partners, limitations in physical and settlement planning, inadequate meters in the water systems, awareness levels are still very low in matters Water, Irrigation, environment, climate change and forestry, poor land use practices and land degradation, Inadequate policies and legal framework to aid in governance of water, irrigation environment and natural resources and E-waste due to digital migration, inadequate forest cover due to deforestation, inadequate funding and cash flow delays hinder implementation, unsustainable utilization/extraction of natural resources, inadequate water storage facilities, Lack of digital Weather Station in the upper and lower regions of the county to real weather information for farmers, lack of the GIS Laboratory and surveying equipment's e.g. Geodetic GNSS Set (RTK), total station one set and Ten Handheld GPS Extrex 64, lack of the county climate change adaptation and mitigation plan, unsustainable utilization/extraction of natural resources, inadequate water storage facilities, lack of digital Weather Station in the upper and lower regions of the county to real weather information for farmers, lack of the GIS Laboratory and surveying equipment's e.g. Geodetic GNSS Set (RTK), total station one set and Ten Handheld GPS Extrex 64, lack of the county climate change adaptation and mitigation plan

Way Forward

The Way forward for the department include; to reduce dependence on hydroelectric power as a major source of energy by solarization of water systems, to undertake pipe extensions to existing high yielding water sources, Control pollution and environmental laws enforcement to prevent encroachment in the Eco-systems, partnering with relevant partners and mapping up of all water infrastructure as adequate measures to effectively control

destruction of water infrastructure, rehabilitation of the irrigation infrastructure to ensure reliable and efficient irrigation systems, to undertake physical and settlement planning, creating awareness in matters Water, Irrigation, Environment, climate change and forestry, to educate the residents on proper land use practices so as to reduce land degradation, to develop policies and legal framework to aid in governance of water, irrigation environment and natural resources, ensuring proper E- Waste management and disposal, increasing the forest cover through afforestation activities like, provision of adequate funding and cash flow to improve on project implementation, sustainable utilization/extraction of natural resources, enhanced water storage facilities, purchase and installation of digital Weather Station in the upper and lower regions of the county for real weather information for farmers, Setting up of the GIS Laboratory and purchase of modern surveying equipment's e.g. Geodetic GNSS Set (RTK), total station one set and Ten Handheld GPS Extrex 64, development of the county climate change adaptation and mitigation plan.

To undertake these programmes, the FY 2023/24- 2025/26 MTEF estimates for the sector are projected to be Ksh 2,055,381,702. For the FY 2023/24 Ksh. 736,313,383 has been set aside for the sector. For FY 2024/25 and 2025/26 the projections are Ksh 562,127,771 and Ksh. 618,340,548 respectively.

D. Strategic Objectives

CP 36: General Administration and support services

To facilitate the coordination of programs within the department

CP 37: Water Supply Services

To increase access to clean and safe water

CP 38: Forestry Management

To sustainably manage and utilize natural resources

CP 39: Climate Change Mitigation and Adaptation

To strengthen climate change resilience

CP 40: Irrigation and Land Reclamation Services

To increase access to irrigation water and Land reclamation services

CP 41: Energy Development

To optimize the utilization of renewable energy sources available within the county towards achieving sustainability.

10. Department of Health Services and Sanitation

A. Vision

A healthy, productive and internationally competitive County.

B. Mission

To build a progressive, sustainable, technologically driven, evidence based, and client centered health system with the highest attainable standards of health at all levels of care in Busia County.

C. Performance Overview and Rationale for Funding

Mandate

The Department of Health and Sanitation is Mandated to Provide and Promote Preventive, Curative and Rehabilitative Services. The sector is responsible for the provision and coordination of health services, which contribute to the overall productivity and economic development of the county.

Expenditure trends FY 2019/2020-2021/2022

In FY 2019/2020, the health sector was allocated a total of Kes. 2.58 billion and spent Kes. 2.12 billion, representing an absorption rate of 82.1%. The department's expenditures for FY 2020/2021 were Kes. 2.12 billion against an approved amount of Kes. 2.59 billion, representing an absorption rate of 81.7%. In the FY 2021/2022 the department spent Kes. 2.04 billion against a target of 2.51 billion, representing an absorption rate of 81.5%.

Major achievements

The department collaborated with the county legislative arm and passed two bills that are vital to strengthening the provision of excellent healthcare. These were the Busia County Community Health Services Act of 2021 and the Busia County Health Services Fund Amendment Act of 2021. Both pieces of legislation were passed on the 2nd of August 2021, gazetted on the 6th of September 2021, and came into operation on the 20th of September 2021, as prescribed in the law. As a result, the Kes. 23 million set aside as 'seed money' in the period under review was successfully discussed and allocated to health facilities by the board of the Fund. The allocations went a long way in mitigating financial gaps experienced in facilities and enabled them to procure key supplies that

improved services at that level. The department looks forward to the full implementation of this Act in the subsequent financial years.

A total of 138 additional employees of various cadres were employed by the department, including 17 nurses, 23 registered clinical officers, 17 pharmaceutical technologists, 2 radiographers, 5 occupational therapists, 21 laboratory personnel, 3 plaster technicians, 4 public health officers, 3 health administrative officers, 40 community health officers, and 40 assistants. As a result, there was an 11% decrease in the population-health personnel ratio and an increase in total health employees.

The department was able to upgrade 17 facilities to different levels through a Gazette Notice dated December 17, 2021. Six level III facilities were upgraded to level IV sub county hospitals, Busia County Referral Hospital was upgraded to level V and 10 dispensaries were upgraded to health Centres. The primary group served by these facilities is anticipated to be closer to specialized and expanded categories of services.

The Mother and Child Unit at Alupe SCH and the Upgrading of Amukura HC to Level IV, were the two main projects that the department implemented with funding provided by the Kenya Devolution Support Programme. By the conclusion of the reporting period, Alupe Mother and Child hospital had reached 65% completion and the upgrading of Amukura HC had reached 95%.

Three cutting-edge slit lamps for the diagnosis of eye disorders were acquired by the department. They were each assigned to Khunyangu SCH, Port Victoria SCH, and the Busia County Referral Hospital, respectively.

A total of Kes. 100 million was invested at the county referral hospital in collaboration with the national government, specifically the Ministry of Health under the Universal Health Coverage Programme. This money was used for the construction of a patient ward (Kes. 65 million), purchase of a 150 kVA generator, and the removal of asbestos from hospital roofs. In addition to increasing facility bed capacity, the initiative will also stabilize the electricity backup system in the facility. A maternity ward was also built at Esikulu Dispensary thanks to a collaboration between the County government and Busia Sugar Company. It is anticipated that this investment will improve the delivery of quality and affordable healthcare to the residents of the area.

Two facilities were commissioned during the period under review. This included the Buyingi Clinic and Okwata Dispensary. These intended to bringing greater convenience to the clients in compliance with WHO standards.

Through the ward kitty allocation, one ambulance was procured to strengthen referral services. The MOH donated one vehicle for immunization services. Additionally, the department received a second vehicle from the APHIA Plus initiative to help the County Health Management team stay mobile while conducting integrated support supervision at facilities. Throughout the period, the partners' involvement could not be disregarded, and their

efforts to support those of the county government were noteworthy. The partners included Red Cross and Living Goods in Level 1 Interventions, Advocacy, and Health Financing, as well as Marie Stopes, Dumisha Afya in HIV Comprehensive Care and Health Systems Strengthening, Nutrition International in Nutrition, Fred Hollows in Eye Care Services, CEDC in Budgeting and Advocacy, UNICEF in Child Health and Sanitation, Health Systems Strengthening, and Planning and Budgeting, and Red Cross in blood transfusion and tissue transplant services. The department ensured that all facilities were designated as COVID vaccination centers until June 2022. Currently 34% of the population within Busia are vaccinated.

Constraints

- The department struggled through the year to meet its demand for health products and medical technologies relative to its budgetary allocation. This affected the procurement and distribution of essential commodities, with increased reported stock outs in facilities and the county commodity store.
- Political transition: project implementation was adversely affected following speculation by contractors and merchants on the outcomes, thus leading to dragged-out or slow implementation of projects.
- In the implementation of projects, the low fund absorption was majorly attributed to the slow pace of the contractors mandated to execute the works. This has had an overall impact on the completion of key projects.
- The department experienced challenges in diagnostic processes as a result of inadequate maintenance of laboratory and radiology equipment, primarily occasioned by a lack of service contracts. Other equipment that was also affected includes laundry machine.

Way forward

- The county needs to develop an additional criterion during the evaluation process for works so as not to have a scenario where one contractor has several works to undertake, resulting in delays.
- There is a need to complete the stalled and ongoing projects before commencing on new ones.
- There is a need to strengthen and operationalize the monitoring and evaluation structure and system in order to track the development progress and implementation of the various projects in the department. Further, in order to strengthen and sustain the growing M&E practice in the county, there's a need for continued sensitization and capacity building.

- The department requires additional allocation, especially for medical commodities, to enable it to meet its demand.
- There should be enhanced coordination between the legislative arm and the department in terms of ward projects so as to achieve harmony and purpose in the implementation of these projects.

Major services/ outputs to be provided in the FY 2023/24

In line with the manifesto of H.E. the Governor, the Department of Health and Sanitation will continue to do more to ensure accessibility to quality and affordable health services.

The department will make deliberate efforts to improve health infrastructure to provide the county with the capacity to prevent disease and promote health.

The department is working on revamping Busia County Referral Hospital (BCRH) to make it a fully-fledged level V hospital by constructing a modern hospital building, equipping it with advanced medical equipment, and operationalizing ICU/HDU, renal, and oxygen units.

The kitchen block at BCRH is to be upgraded to modern standard and fitted with gas technology during the implementation period of this budget.

The department also intends to operationalize theatres, laboratories and X-ray units in level IV hospitals within the county with the aim of moving specialized services closer to people.

The department plans to maintain all health facilities fully stocked with medical supplies throughout the period.

To undertake these programmes, the FY 2023/24- 2025/26 MTEF estimates for the sector are projected to be Ksh 7,725,993,660. For the FY 2023/2024 Ksh. 2,779,802,288 have been set aside for the sector. For FY 2024/2025 and 2025/2026 the projections are Ksh. 2,355,329,225 and Ksh. 2,590,862,147 respectively.

11. County Public Service Board

A. Vision

A beacon of professionalism, integrity, equity and dedication to quality public service.

B. Mission.

To provide efficient and effective professional services for the realization of Busia County and National Development Goals through competitive recruitment, planning, developing and managing human capital.

C. Performance Overview and Rationale for Funding.

Mandate

The sector envisions being a beacon of professionalism, integrity, equity and dedication to quality public service. To achieve its vision the sector provided efficient and effective professional services for the realization of Busia County and national development goals through competitive recruitment, planning, developing and managing human capital.

The County Public Service Board is mandated to establish and abolish public offices, appoint and confirm persons to offices, promote public service values and principles, facilitate the development of human resource, exercise disciplinary control, and prepare regular reports.

In ensuring institutional professionalism and good governance, The Public Service Board promoted transparency, accountability and adherence to national values and principles through enforcement of Leadership and Integrity Act, 2012, Public Officer Ethics Act, Performance management systems and Training curriculum.

To Promote service delivery in the county public service, The CPSB ensured human resource requirements were addressed effectively through Developing an integrated electronic human resource database to facilitate HR Planning, Reviewing existing and develop new HRM/D policies and guidelines, Developing Human Resource in the County Public Service, Developing human resource plans for the county, Exploiting research Technology and innovation and Enhancing capacity of Board members and the Secretariat staff.

Expenditure Trends FY 2019/2020-2021/2022

In FY 2019/2020, the department was allocated a total of Kshs.74.3Million and spent Kshs.57.5 Million, representing an absorption rate of 77%. The department's allocation for FY 2020/2021 was Kshs. 74.96 Million

against expenditure amount of Kshs.72.36 Million, representing an absorption rate of 97%. In the FY 2021/2022 the department was allocated Kshs.100.0 Million against expenditure of Kshs.97.5Million, representing an absorption rate of 98%.

Programs Undertaken

1. Undertook recruitment of Governors staff as per the Transition Act 22/23
2. Prepared the Departments Annual performance report 2022 Financial year.
3. Successful undertook recruitment and subsequent deployment of County Chief officers to various departments.
4. Prepared the transition report for F/Y 2022 /2023
5. Offered advisory to the Governor on assumption of office.

Challenges Encountered

1. Inadequate working space for staff
2. Insufficient Budgetary Allocation, hence limiting the scope for service delivery as most programs are underfunded.
3. Insufficient workforce hence limiting the performance output per staff as most staff are overworked.

Lessons Learnt

1. Need for early planning.
2. Need for adequate Budgetary allocation.

Way Forward

1. Timely disbursement of funds to departments to ensure programs run as per the timelines.
2. Prudent use of allocated resources.
3. Early Planning should be adhered to so as to ensure the intended purposes for funding is achieved.

To undertake these programmes, the FY 2023/24- 2025/26 MTEF estimates for the sector are projected to be Ksh 365,757,612. For the FY 2023/2024 Ksh. 100,769,619 has been set aside for the sector. For FY 2024/2025 and 2025/2026 the projections are Ksh 126,184,759 and Ksh 138,803,235 respectively.

D. Strategic Objectives

CP 45: General Administration and Support services

To increase efficiency and effective logistical management

12. County Law Office

A. Vision

To be the best public legal service provider and promotion of democratic principles and accountability in devolved government.

B. Mission

To facilitate and promote good governance by recognizing diversity and protection and promotion of interest and rights of people through provision of public legal services in the County Government.

C. Performance overview and Rationale for Funding.

The department is comprised of county attorney, county solicitor, legal counsel and other staff members. It is mandated to provide efficient and effective legal serves to all in the public domain and County Government. It provides advisory and enactment of laws in all the Departments in the County Government. This department's budget has been inclusive in the Governorship budget all along, thus this being the first year to be independent we have therefore introduced sub- programmes namely: Litigation services, Legal fees, dues & compensation, Legal audits and risk management, Law review and revision, Legislative drafting & development, Gazettement & publication with their respective facilitative monetary values estimates for easy and effective execution of legal services.

To undertake these programmes, the FY 2023/24- 2025/26 MTEF estimates for the sector are projected to be Ksh 283,842,355. For the FY 2023/2024 Ksh. 85,751,725 has been set aside for the sector. For FY 2024/2025 and 2025/2026 the projections are Ksh. 72,900,300 and Ksh 80,190,330 respectively.

C. Background for programmes and Performance overview.

The Department of Digital Economy and Strategic Partnerships is divided into three directorates; the ICT Directorate, the Digital Economy Directorate and the Strategic Partnerships and SDG Mainstreaming Directorate

The Department being a cross-cutting support department is mandated to spearhead policy formulation for effective and innovative use of Information Communication and Technology (ICT) resources and to use these among others to identify, enable, formulate, promote and foster beneficial multi-sectoral strategic partnerships for the sustainable development of the County. To do this, this new department has to aggressively embark on resource mobilization; internal planning, coordination and supervision for effective and efficient public service delivery in the county.

The directorate of ICT has the responsibility of managing automation of all county services, ICT infrastructure and enhancement of connectivity in the county.

The ICT directorate has continuously managed the county website, the county revenue automation system and the county health services management system. The directorate has also offered continuous technical support to

all county departments and staff in so far as ICT matters are concerned, besides enabling the county automate a few of the county functions.

In the Medium term, the directorate of ICT is set to expand automation of more county functions, create an interactive county strategic partnerships management system and continue to manage all ICT infrastructure in the county. Finally, the directorate is set to manage compliance with all information security controls in the county.

The directorate of Digital economy is responsible for developing robust business models and markets for county development. It's a new directorate which intends to start off operations in the medium term by formulating relevant policies, guidelines, frameworks and regulations that will enhance leveraging the digital economy space in the county. Further the directorate plans to design and implement an annual county-wide digital literacy program collaboratively with other existing government and non-government institutions including County and National VTCs, other colleges and universities. There is also expectation of collaboration and leveraging of the county Aggregated industrial park and the Economic Processing Zone to be established in the county.

The directorate of Strategic Partnerships and SDG mainstreaming is responsible for Creating synergistic partnerships for county development.

In the medium term this new directorate is set to start off by developing and implementing a comprehensive partnership framework for the county and partners. This is expected to be done through creation/formulation of an innovative web-based county partnership management system. The directorate also intends to formulate and initiate an SDG mainstreaming programme in all sectors and supervise all partner-funded programmes and projects in the county while closely collaborating with the Governor's service delivery directorate/unit.

The Digital Economy and Strategic Partnerships department has been set up to actualize its priority programs using the resources that will be availed to it.

To undertake these programmes, the FY 2023/24- 2025/26 MTEF estimates for the sector are projected to be Ksh.205,473,801. For the FY 2022/2023 Ksh.62,076,677 had been set aside for the sector. For 2023/2024 and 2024/2025 the projections are Ksh 68,284,345 and Ksh 75,112,779 respectively.

D. Strategic Objectives

CP 47: General Administration and support services

14. The Governorship

A. Vision

To be an institution of honor and excellence for a democratic and prosperous County.

B. Mission

To provide timely and quality services to the residents of Busia through efficient utilization of resources for the fulfilment of the Governor's mandate.

C. Background for programmes and Performance overview.

The Governorship is divided into three segments; office of the Governor, Deputy governor and County secretary. The governorship being an administrative office is mandated to spearhead policy formulation, rule of law to enhance order; resource mobilization; coordination and supervision for effective and efficient public service delivery

The office of the governor has three directorates; Disaster management, Security & Enforcement and Communication.

The directorate of disaster carried out disaster risk reduction strategies, firefighting, rescue operations, safety training, fire investigation and emergency ambulance services and flood assessment surveys

The directorate has two modern fire engines with a capacity of 9,000 litres of water and 1,000 litres of foam which enables the directorate to successfully respond and mitigate fires incidences in the County.

The sector has so far established two Disaster Command Centres across the County with one in Amagoro -Teso North which is complete and in use, Phase I at County headquarters-public works offices which was commissioned in March, 2023 by H.E The Governor.

The directorate further installed three lightning arrestors to avert the lightning menace that claimed four lives at Kakapel area in 2018. The arrestors were installed at Kakapel primary school, Korisai Primary School and Katakwa which have greatly safeguarded lives of pupils and members of the community with an ongoing program to safe guard all learning institutions and urban Centres as a result of high population in such areas.

The Enforcement and Security directorate's mandate is to enforce and ensure compliance of county laws and other relevant laws, provide security services to County properties, VIP protection and installations, and investigate crimes related to the County.

Acquisition of enforcement equipment such as scanners, claspers and metal dictators have been given priority in the current and medium-term years with funds allocated in the supplementary budget 2022/2023

The communication directorate has a vital role in information dissemination and publicity, creating awareness on priority programmes and projects implemented and those to be implemented.

The communication directorate has various achievements amongst them; conducted information dissemination and knowledge management to support service delivery, maintained mutual working relationship with media and external partners, facilitated media briefings and talk shows on radio and TV.

In the medium term the Directorate of Communication intends to; develop communication policy and strategic plan to guide decision making and implementation of communication activities in the County, purchase equipment to facilitate gathering, processing and dissemination of news, purchase large screens to enhance information sharing and also generate revenue, intensify information gathering, processing and dissemination by producing, magazines, newspaper supplements, radio programs, video documentaries and also broadcast or publish the same, increase visibility of the County Government projects by branding all the projects, develop and install bulk SMS system for dissemination of SMS messages.

The directorate could not adequately inform the public about the achievements and the activities of the County Government of Busia as a result inadequate funding arising from limited resources. In addition, the directorate does not have dedicated utility vehicles and this has hampered movement around the County for purposes of gathering information, documenting of County projects and covering events hence denying County Government projects and activities sufficient publicity.

The office of the deputy governor has two sections; Policy coordination and Legislative unit. The office of the deputy governor is the pivot of the county government on matters of the County capacity development for policy formulation and coordination.

The office of the county secretary is envisaged in section 44 of the County government act, 2012. The office is responsible for; keeping the minutes of the county executive committee subject to the directions of the executive committee, convey the decisions of the county executive committee to the appropriate persons and authorities. The county secretary's office has a legal unit equipped with county attorney's personnel to help the county on legal matters.

The County Secretary plays a dominant role in determining policy that lays the ground for the institution of key bills which are debated by the County Assembly. The Office of the County Secretary acts as a liaison link between the County Executive and other institutions for the purpose of effective implementation of the decisions

emanating from the County Executive. The County Secretary's Office has a legal unit equipped with County Attorney's personnel to help the County on legal matters. The office continues to ensure that every effort is made to institute a productive and effective Public Service in the County

Service Delivery Unit is mandated to identify projects and programmes to ensure that public services are delivered in a manner that takes into account; prudent, economic and sustainable use of viable resources.

The governorship hasn't been able to actualize most of its priority program as a result of inadequate funding resulting from limited resources.

To undertake these programmes, the FY 2023/24- 2025/26 MTEF estimates for the sector are projected to be Ksh.1,165,140,014. For the FY 2022/2023 Ksh. 397,737,610 has been set aside for the sector. For 2023/2024 and 2024/2025 the projections are Ksh 365,429,716 and Ksh 401,972,688 respectively.

D. Strategic Objectives

CP 49: General Administration and support services

To facilitate the coordination of programs within the department

CP 50: Disaster Risk Management

To improve on disaster risk reduction and public safety

15. County Assembly

A. Vision

To be a modern County Assembly that fulfils its constitutional mandate and effectively serves the people of Busia County

B. Mission

To build an effective County Assembly that is responsive to the needs of the people and that is driven by the ideals of realizing better quality of life for the people of the Busia County.

C. Background for programmes and Performance overview.

The County Assembly core functions are to develop legislation, perform oversight and representation. In the financial year 2023-24 the county assembly intends to undertake general administration and support services and infrastructural development programmes. Under infrastructural development the county assembly intends to purchase land and construct ward offices

From the allocation for FY 2023-24 **Kshs. 420,050,615** has been set for employee compensation, **Kshs. 353,906,737** allocated for operations and maintenance, **Kshs. 116.6 Million** allocated for car grant reimbursement and **kshs.90.5 Million** is set for development expenditure.

To undertake these programmes, the 2023/24- 2025/2026 MTEF estimates for the sector are projected to be **Ksh. 3,183,774,835**. For the FY 2023/24 **Ksh. 981,057,352** have been set aside for the sector. For 2024/25 and 2025/26 the projections are **Ksh. 1,048,913,087** and **Ksh. 1,153,804,396** respectively.
