BUDGET ESTIMATES

FY 2022-2023

AND

MEDIUM TERM EXPENDITURE FRAMEWORK

MARCH, 2022

FOREWORD

A budget is a consultative policy document that integrates the Government's plans and the available estimated resources. The FY 2022/2023 and MTEF Budget estimates has been prepared in compliance with the Constitution of Kenya 2010 and Section 135 of Public Finance Management Act, 2012. It has been prepared on the basis of the County Integrated Development Plan (CIDP 2018-2022), Annual Development Plan (ADP FY 2022/2023), and County Fiscal Strategy Paper (CFSP FY 2022 /2023) and in line with the National Budget Policy Statement 2022(BPS 2022).

It is prepared to address post Covid -19 recovery measures thereby borrowing heavily from County Covid – 19 Social Economic Re – Engineering Recovery Strategy for FY 2020/2021 – 2022/2023. This Strategy key pillars include boosting of private sector activities, Strengthening of ICT Capacity, Human resource development and Strengthening County governments' response to pandemic and disaster. The strategy also recommends supporting key sectors of agriculture, health, Transports, Education and social protection among others, areas which this budget document has addressed accordingly.

Underperformance of local revenue has continued to pose challenge to implementation of County government projects. This has further been worsened by the emergence of covid 19 whose effects the County government is still facing.

The expected total Budget Expenditure for FY 2022/2023 is Kshs. 8.118 billion. The County Government is expected to receive Kshs. 7.172 billion from the National Government as equitable share and Kshs.477.1 million as loans and conditional grants. In the FY 2022/2023, The County Government is projecting to raise Kshs. 469.2 Million as local revenue collections.

The County Treasury shall continue to enforce fiscal discipline in line with the provisions of the PFM Act, 2012 and provide all necessary support to departments during the implementation of the planned programmes.

Ag. County Executive Committee Member – Finance and Economic Planning

ACKNOWLEDGEMENT

The preparation of this budget estimates was a collaborative effort from a range of professional expertise and stakeholders. It was an all-inclusive and consultative process at all levels in collecting the information on programmes and activities contained herein. A team of experts from the County treasury prepared the FY 2022/2023 budget estimates. I wish to convey thanks to the County Departments and other Agencies' staff for their enthusiastic help and contribution in the preparation of this document. The County Treasury greatly appreciates the officers for their invaluable input during the budget preparation process.

Special thanks are extended to Mr. Evans Wandera Wangata Ag. Director Budget for his exemplary leadership during the preparation the 2022/2023 Budget Estimates and MTEF. Special thanks and appreciation are also extended to other officers including Mr. Hudson Mugendi, Mr. Benard Onunga, Mr. Isaac Enaga, Mr. Nicholas Mutua Kiema, Mr. Amos Owana Imooh, Mr. William Chepkwony, Mr. Abdallah Issa Omusugu, Duncan Oburai, Jane Njogu, Beverly Anyokorit Ote, Maximillian Sherry Okuku, Maureen Anyango Ochieng, Marlene Ursula Ajiambo, Jackson Oduori Opiyo, Kevin Omondi Otieno, Tiberius Muganda, Faustine Adungo, Chrispinus Oroni, Vera Ingutia, Dancan Ikapel and all departmental budget officers for their due dedication and commitment throughout the data compilation and preparation of this budget document.

Finally, and most important, appreciation is extended to the County Executive Committee, County Assembly and other stakeholders who willingly participated in the budget preparation by providing valued information that facilitated the outcome of this document. I expect this document to act as a guide to County government departments while discharging their mandate and enable the general Public to hold the departments accountable.

1. Department of Agriculture, Livestock and Fisheries

A. Vision

A leading County in food security and sufficiency for sustained livelihoods.

B. Mission

To improve the livelihoods of Busia County residents through the promotion of competitive agriculture, provision of support services while ensuring a sustainable natural resource base.

C. Strategic Overview and Context for Budget Intervention

The department comprises of three directorates namely; Agriculture, Livestock and Fisheries. Institutions under the department are: Agricultural Training Centre in Busia, Agricultural Mechanization Services in Butula and Wakhungu Fisheries Training Centre in Samia Sub-County.

The department's mandate is to improve livelihoods of Busia County residents through promotion of competitive agriculture, sustainable livestock and fisheries. The department of Agriculture, Livestock and Fisheries is the responsible authority over the entire value chain of crop husbandry, livestock production and fisheries as a fully devolved function under Schedule 4 of the Constitution of Kenya.

Under the directorate of Livestock, 302 dairy heifers have been procured and pending supply and distribution to farmers' groups across the County through ward development fund. Procurement of 28 pedigree heifers for dairy parks is underway following completion of Teso South Dairy Park. 30 dairy heifers have been supplied. This will generate Ksh 45.3 million from the dairy enterprise by 2024. In order to ensure Equipping and operationalization of the dairy park, start-up feeds, feed processing and milk processing equipment are being procured.

Sensitization of farmers on livestock husbandry practices and adoption of innovations through trainings, farm visits, on-farm demonstrations and field days are ongoing. This is collaboratively through partners, among them; Agriculture Sector Development Support Programme (ASDSP), KCSAP, Send a Cow, KALRO, FIPS Africa, World Vision, ADS Western and RTI/KCDMS.

The inputs subsidy program targeting the poor and vulnerable farmers in the County has been instrumental in assisting the farmers to realize their agribusiness dreams. For certified maize there has been a significant increase in average yield from 4-8 bags/acre and for cassava from 1.7- 8 tons/ acre. The increase in cassava yields is as a result of adopting improved varieties that are tolerant to diseases (Cassava Brown Streak) and drought. Our current estimated production is 92,443 tonnes with a shortfall of 18,488 tonnes to ensure we are maize secure. The production of coffee in the County has been gaining significance in the past few years. The acreage has been increasing gradually to 495 acres.

The availability of tractor ploughing services has enhanced the land under cultivation thus increasing timeliness and efficiency in land preparation hence increased crop production. Untimely land preparation is associated to 30% losses of the crop yields within the County. This has really assisted the small-scale farmers who are majority in the County. The acreage of land that has been ploughed by the County tractors from 2013-2021 is over 7000 acres. The use of tractor subsidy has also saved the ploughing cost by 50% for the vulnerable farmers.

Through Kenya Agricultural Insurance Program (KAIP) implemented by the Government of Kenya in Collaboration with the County Government-Directorate of Agriculture there has been an increase in uptake of Crop Insurance in the County by 137% in 2021. The Programme aims at protecting farmers against losses suffered due to crop failure on account of yield shortfall in the field.

The ease of access to pesticides for the farmers through the Directorate has continually reduced crop damages and yield losses from 70-30% that were as a result of pests and diseases. In the recent past in the County the most destructive pests; fall army worm and maize stalk borers have been successfully controlled to manageable levels.

Busia is a milk deficient County with an annual production of 30 million litres against a demand of 78 million litres. Milk is important for nutrition more so for the under 5 years and women of child bearing age. However, the County per capita consumption is 35litres against the recommended 110 litres nationally. The County has a population of 243,745 local breed and

35,000 exotic dairy animals. The local breed is unproductive with yield of 2 litres per day, poor feed conversion and thus high cost of production per input.

Breed improvement program targets to increase milk production by 10% by 2023 and increase per capita consumption by 20%. Breed improvement prioritizes equipping and operationalization of dairy parks, placement of high-quality dairy breeds and upgrading the existing local breeds with the main objective of having milk production of 15litres per day on average from the current 2 litres per day.

Currently, only 35,000 animals are of high quality and the department targets to facilitate an increase to about 55,000 by 2027 as envisioned in the dairy strategic plan 2021-2026. This will also lead to a 50% reduction in the indigenous unproductive population from the current 240,000 to 120,000 leading to a reduction in the greenhouse gas emission. For the quality animals to produce optimally there is need to improve feeding regimes through provision of quality fodder seeds and feeds like concentrates.

Busia County is dominated by indigenous chicken employing about 61-80% people in the livestock sector, yet the rural farmer is not making profit due to poor management, 20% mortalities at chicks' stage, poor breeds and disorganized market system. The County has 1.4Million indigenous chicken. Currently, 2,447 tonnes of poultry meat and 1.4million of trays of eggs are supplied against a demand of 4.1million trays of eggs. Poor market access is linked to low production at household level.

55% of women in Busia County are both monetary and multi dimensionally poor, (KNBS/KIHBS/2020-40). The report recommends diversification of livelihood opportunities and strengthening access to market for women economic empowerment, this can be achieved through prioritization of small stock enterprises, specifically poultry production for women, youth and the vulnerable.

Fisheries directorate plays an important role in the fishery and aquaculture sector in the County's and global economy. The directorate is mandated to provide for the exploration, utilization, management, development and conservation of fisheries resources in the County to contribute to

poverty reduction and wealth creation in the County. The directorate is supporting over 1000 people directly as fishermen and 1,868 fish farmers with 227 stoked fish ponds. It is also supporting 20,065 people directly and indirectly working as fishers, traders, processors, suppliers and merchants of fishing accessories and employees and their dependents.

The cage fish farming introduced by the directorate in Bunyala and Samia sub counties in Lake Victoria waters to increase fishery has created employment of youths, food and nutrition throughout the year, improved income and trade, and reduced pressure of fishing on the lake. Further, the directorate has spearheaded extension in the sub counties where farmers have been sensitized on fish farming; they have constructed fish ponds and stocked with fingerlings. Almost every ward in the County has fish ponds.

Through Kenya Climate Smart Program (KCSAP), the directorate is reviving fish hatcheries in the County i.e., Wakhungu and Okerebwa hatcheries to ensure supply of quality and affordable fingerlings. It has also revived fish feed plant in the County in order to supply farmers with good quality and affordable fish feeds.

The directorate further received grants from Kenya Devolution Support Program (KDSP) for construction of a modern fish market at the border thereby improving on the hygiene and sanitation of the fish traders and also provides more space for trade. Also, under KDSP the County will establish a fish processing plant at ATC to reduce post-harvest loses and fish spoilage through freezing, chilling and filleting of fish. This will in a big way boost County's fish trade hence high revenue and high GDP.

The directorate aims to increase the value of aquaculture production from the current 200 million to at least 1Billion and attain 40% increase in the volume of aquaculture production from the current 1080 tonnes to 4800 tonnes by 2023.

The directorate has put a lot of efforts and resources in promoting aquaculture as a business both in the lake through open water cage culture systems and aquaculture parks on land systems to meet the growing population and demand for fish as a food and protein source.

Vector borne diseases are the main causes of mortality and morbidity in cattle within the County, accounting for projected losses amounting to Kshs 1.8 million annually in terms of both direct livestock out-put (weight-loss, decrease in milk, decreased reproductive rate) as well as lost opportunity in terms of integration of livestock into crop production and the potential for crop-improvement (loss of draught power and manure). They are also a leading cause of calf mortality. Regular spraying with acaricides reduces the losses by up to 60%.

To undertake these programmes, the 2022/23- 2024/25 MTEF estimates for the sector are projected to be Ksh. 2,322,025,941. For the FY 2022/23, Ksh. 702,045,205 has been set aside for the sector. For 2023/24 and 2024/25 the projections are Ksh. 770,785,560 and Ksh. 849,195,176 respectively.

D. Programme Objectives

CP 1: General Administration and support services

To facilitate the coordination of programs within the department

CP 2: Crop Production and management

To promote adoption of modern farming technologies and practices

CP 3: Land use and Management

To promote prudent land management practices

CP 4: Agricultural Training and Extension Services

To equip agricultural producers and stakeholders with relevant skills and knowledge

CP 5: Kenya Climate SMART Agriculture

To enhance access to affordable credit facilities

CP 6: Agribusiness and agricultural Value Chain Development

To increase the value and quality of agricultural produce

CP 7: Agricultural Financial Support services

To enhance access to affordable credit facilities

CP 8: Fisheries and Aquaculture Resource Development

To increase quantities of fish and fish products in the County

CP 9: Livestock Production Development

To increase Livestock production

CP 10: Veterinary Health Services

To improve animal health

2. Department of Trade, Investment, Industry and Co-operatives

A. Vision

A leading department in the promotion of Trade, Cooperative movement and investment

B. Mission

To foster inclusive and sustainable socio-economic development through promoting investment in trade, entrepreneurship, innovations, value addition and cooperative development.

C. Strategic Overview and Context for Budget Intervention

The department has four directorates which help it to efficiently and effectively deliver its services, namely; Trade, Co-operatives, Co-operative Enterprise Development Fund and Weights and Measures.

The department is mandated to promote trade and investments as well as create an enabling environment that promotes and encourages investment while promoting development through the co-operative movement.

The department exists to promote self-reliance through enhanced business, employment and wealth creation. This is achieved through implementation of programs targeting diversification, innovation, value-addition, information sharing, market linkages and trade infrastructure support.

During the 2022/2023 financial year, the department will implement programmes targeting co-operative growth, trade enhancement, industrialization and entrepreneurship development.

The directorate has operationalized the Busia County Trade Development Revolving Fund Act by constituting the Trade Development Revolving Loans Board in order to promote the development of small and micro enterprises. This has enabled the Department to continue disbursing loans to entrepreneurs and enterprises.

Through the Co-operative Enterprise Development Fund, Co-operative enterprises continue to receive financing that revolves in more than 100 cooperative societies in the County.

The Weight and Measures directorate ensures that verification of weighing machines in business premises has been done so as to meet the customer satisfaction in terms of quantity and quality of goods or produce being sold to them.

Further, the department continues to initiate construction of markets and market stalls across the County in addition to strengthening capacity of co-operatives. To effectively discharge its mandate, the department intends to upscale loans to cooperatives by increasing funding through the Co-operative Enterprise Development Fund, through which registered co-operatives can access affordable loans for various projects. This will support and promote entrepreneurship, innovations, value addition and ultimately increasing incomes across the County.

To undertake these programmes, the 2022/23- 2024/2025 MTEF estimates for the sector are projected to be Ksh.445,337,077 For the FY 2022/23 Ksh. 134,542,924 has been set aside for the sector. For 2023/24 and 2024/25 the projections are Ksh 147,997,216 and Ksh. 162,796,938 respectively.

3. Department of Education and Vocational Training

A. Vision

A quality education and training for all to transform Busia into an intelligent County in the frontline of global progress and innovation.

B. Mission

To provide accessible, holistic, quality education and training to all for the socio economic and sustainable development of Busia County and for self-reliance and innovativeness in an increasingly globalized environment.

C. Strategic Overview and Context for Budget Intervention

The Constitution of Kenya 2010 Article 43(f) guarantees each person the right to education. Article 53 provides for free and compulsory basic education to all children, basic nutrition, shelter, and health care. Equally, Sustainable Development Goals (SDGs) were adopted by all United Nations member states in 2015 as a universal call to action to end poverty, protect the planet and ensure that all people enjoy peace and prosperity by 2030. SDG No. 4 seeks to ensure inclusive and equitable quality education and promote lifelong learning opportunities for all.

In this regard, the department through the Directorate of Early Childhood Education has made deliberate efforts to ensure that pre-primary learners are provided with opportunities to enhance their cognitive, social, emotional, and spiritual development. This has been achieved by improving infrastructure in ECDE centers, improving teacher to learner ratio (employing a minimum of 2 teachers

per center), provision of learning material and conducting quality assurance and standards assessments.

Achievements:

The Directorate of Early Childhood Education was able to successfully undertake the following programs:

1. To increase access and quality of education in ECDE, the directorate has continued to improve the infrastructure in the ECDE centers by completing the construction of 24 child-friendly ECDE classrooms and toilets.
2. The directorate also distributed approved curriculum design to all public ECDE. This has aligned teaching /learning to the new Competency-Based Curriculum (CBC).

The Directorate of Vocational Training has continued to develop an effectively coordinated and harmonized TVET system that is capable of providing a quality skilled human resource with the right attitude and values required for the growth and prosperity of Busia County. This has been possible through the development of relevant policies, improvement of infrastructure, provision of modern tools and equipment, and ensuring that additional qualified instructors are recruited to provide quality training in Vocational Training centers.

The Directorate of Vocational Training was able to successfully undertake the following programs:

1. To improve the infrastructure in Vocational Training Centers, the directorate completed the construction of the administration block at Nasira VTC, completed Phase one of Administration Block at Katakwa VTC, completed the construction of a classroom at Bukoma VTC and initiated construction of Administration block at Onyunyur and Okisimo VTC.
2. Several Vocational Training Centers were also equipped with relevant tools and equipment.
3. Received a Subsidized Vocational Training Support Grant which was disbursed to 24 public Vocational Training Centers to support purchase of learning materials, tools and equipment and administration of the Centers.

4. To enhance access and equity in the provision of education to disadvantaged learners, the department issued bursaries to over 8000 beneficiaries in Secondary schools, Middle-level colleges, and Universities.
5. Recruited instructors to boost service delivery in VTCs.
6. To ensure effective service delivery, the department developed Busia County Early Childhood Development Education Act 2020 and Busia County Vocational Training Centers Act 2020 which have been enacted into law.
7. However, the department faced a number of challenges in implementing its objectives key among them limited resources to meet infrastructural demands in both ECDE and VTCs.
8. As a way forward the department seeks to engage Public- Private Partnerships (PPPs) to reduce overreliance on the limited equitable share.

To undertake these programmes, the 2022/23- 2024/2025 MTEF estimates for the sector are projected to be Ksh 1,996,387,416. For the FY 2022/23 Ksh 603,138,192 has been set aside for the sector. For 2023/24 and 2024/25 the projections are Ksh 663,452,011 and Ksh 729,387,212 respectively.

D. Programme Objectives

4. Department of Finance and Economic Planning

A. Vision

A prosperous County committed to prudent financial management and economic planning.

B. Mission

To provide high quality financial, economic and advisory services through efficient and effective fiscal planning, resource mobilization, budget administration, coordination, formulation and implementation of policies and programs for accelerated, equitable and sustainable development for the citizens of Busia County.

C. Background for programmes and Performance overview

The department comprises of Finance and Economic Planning sections. Finance section consists of Directorate of Budget whose role is preparation of County budget and planning documents, Directorate of Accounting Services mandated to undertake payments and production of financial reports, Directorate of Revenue is responsible for collection of on- source local revenue and Directorate of Supply Chain Management which undertakes procurement of goods and services for various County entities. On the other hand, Economic Planning section consists of Directorate of Audit which is responsible for carrying out audits of the County projects to ensure value for money is realized and the Directorate of Monitoring and Evaluation responsible for continuous monitoring of County projects during the implementation phase as well as end term evaluation to assess the impact of projects.

The directorate of Revenue has undertaken automation in collection of revenue in most of its streams. It has also embarked on sealing of revenue spillage through use of both Revenue and County Enforcement Officers to ensure compliance as well as initiating rigorous internal control mechanisms. Key revenue sources in form of land and plot rates are being explored. The County

Government has given a 90-day waiver on penalties and interest accrued on all unpaid rates in an aim to boost on-source revenue collection.

Supply Chain Management directorate has undertaken e-procurement in tandem with Government procurement procedures. This has helped in ensuring that there is transparency and accountability in all procurement of goods and services in the County.

The directorate of Internal Audit has been strengthened by establishing a County Audit Committee, development of risk management policy and recruitment of more officers to undertake audit of County projects in realizing value for money as well mitigating in foreseeable risks.

To undertake these programmes, the 2022/2023- 2024/2025 MTEF estimates for the sector are projected to be Ksh 2,728,937,516. For the FY 2022/2023 Ksh. 831,944,638 has been set aside for the sector. For 2023/2024 and 2024/2025 the projections are Ksh. 903,329,942 and Ksh. 993,662,936 respectively.

D. Programme Objectives

5. Department of Sports, Culture and Social Services

A. Vision

A socially self-driven and empowered community.

B. Mission

To mobilize the Busia Community for sustainable social protection, talent nurturing, heritage preservation and creating equal opportunities for children, youth, women, PLWDs, older persons and other vulnerable groups for a holistic growth and development.

C. Performance Overview and Background for Programmes

The department is comprised of seven directorates namely; Sports, Culture, Social Services, Youth, Children, Tourism and Alcoholic Drinks and Drug Abuse Control. The department is mandated to mobilize the communities in Busia County for sustainable social protection, talent nurturing and creating equal opportunity for Youth, Women, PWDs, Older Persons and other vulnerable groups for holistic growth and development.

The Directorate of Social Services has disbursed a total of Ksh. 13.852M to vulnerable groups across the County. This will facilitate and enhance social economic growth.

The directorate of Alcoholic Drinks and Drug Abuse Control licensed 200 liquor businesses that contributed Ksh.3.748 M to the County revenue kitty.

The department issued grants to cultural groups and women amounting to Ksh.1.2M which was used by the recipients to start business enterprises and sustain the existing group activities they undertake. These funds have enabled women and cultural groups to encourage their peers to register with the department in order to receive similar resources for their well-being.

The department experienced a number of challenges among them delayed procurement processes resulting into delayed implementation of programmed activities as a result of bottlenecks associated with the IFMIS.

The impact of Covid-19 affected income generating activities of the citizens of Busia thus resulting in low- or no-income generation for the department.

To undertake these programmes, the 2022/2023- 2024/2025 MTEF estimates for the sector are projected to be Ksh. 566,042,982 for the FY 2022/23 Ksh. 171,009,964 has been set aside for the sector. For 2023/2024 and 2024/2025 the projections are Ksh. 188,110,961 and Ksh. 206,922,057 respectively.

6. Department of Infrastructure and Energy

A. Vision

Develop quality, reliable, sustainable and resilient infrastructure and provide access to safe affordable public transport systems.

B. Mission

To expand public transport and build infrastructure with special attention to the needs of women, children and people with disability through the production of appropriate designs and increase investment.

C. Background for the programmes and performance overview

The department is divided into four directorates: Roads, Public Works, Transportation, and Energy.

The department's mandate is to create a conducive environment for County investment and to maintain a standard road network and infrastructure. In project execution, the Department provides technical and supervisory assistance to the National Government and other departments at the County Level.

The department's key goal is to provide routine maintenance and upgrade County roads to bitumen standards, road safety campaigns, building works, electrical maintenance, and solar installation projects.

The Department through its directorates has realised among others the following achievements: -

The Directorate of roads intends to upgrade 5.4kms of roads to bitumen standards in the financial year 2022/2023. However, the department has so far constructed 15.78 Kilometres of roads to bitumen standards, in addition to the construction of culverts and bridges across the County.

The Directorate of Energy is currently implementing Rural Electrification projects countywide from the allocation of Ksh. 79.7million, which attracted Kshs.35million from the REREC matching fund kitty.

However, the Department faced a number of difficulties, including disputes over road reserves which delays implementation of road projects.

Due to the inadequate road construction equipment, the department's few operable machines are overworked and prone to breakdowns.

In future, the department plans to hire more technicians to provide different departments and County support services, such as the preparation of Bills of Quantities and other key responsibilities. The department also intends to acquire more road construction equipment to cater for the increasing demands, and create public awareness on the use of road reserves to help the County construct and maintain its roads.

The department is working to fully implement Executive Order No. 1 of 2020, which calls for providing an enabling and supportive environment for investment in the county as well as maintaining a standard road network and public infrastructure for long-term development.

The department plans to develop a laboratory to examine materials for building and road construction, which will enable them to collect more revenue. In order to improve the department's effectiveness in carrying out its tasks, there is a plan to purchase two (2) more supervision vehicles.

The Directorate also seeks to keep solar mass lighting in centres, street lights in major towns, and other electrical facilities in good condition so that streets are well lit, enhance security and prolonged hours of business.

The Department intends to improve water transport by ensuring waterways and jetties are established and are in good condition. This will enable continuous implementation of projects in the areas prone to water shortages. It also intends to conduct Road Safety Campaigns to reduce road carnage across the County.

8. Department of Lands, Housing and Urban Development

A. Vision

Excellence in land management and provision of affordable and quality housing for sustainable development.

B. Mission

To facilitate improvement of livelihoods of Busia residents through efficient administration, equitable access, secure tenure, sustainable management of land resources and access to adequate housing.

C. Background for Programmes and Performance Overview.

The department comprises of the following Directorates; Land and Survey, Housing, Urban Development, Physical Planning and General Administration and two Municipalities; Busia and Malaba.

The mandate of the department is to provide effective and efficient services on Land, Housing and Urban Centres.

The department through directorate of Lands purchased twenty nine point seven five (29.75) acres of land in various wards for different ward development projects, ranging from dispensaries, ECD schools, polytechnics, milk parks, markets and water projects; Esibembe market, Dadira open air market, Busembe market, Shibale market and Bujwang'a market, Ong'aroi water pan, Mujuru water project, Sikarira milk park, Kanjala Dispensary, Khayo Secondary school, Simuli Secondary school, and Agogom polytechnic.

In a bid to secure these parcels of land and others purchased in the previous financial years, the department is finalizing the registration of the parcels of land. Furthermore, the department has continued to secure Government lands through fencing which it has done on Musoma public land in Kingandole ward and Kakurikit market in Angurai North ward and surveying of the Government land to protect them from encroachment by the public, like a case in Sagania market at Namboboto/ Nambuku ward and Ganjala Market Land.

The department continues to ensure proper environment for small scale businesses in which Pit latrine at Busibwabo market and Bodaboda shed at Mnazimoja have been completed.

The department has also focused in providing affordable and adequate housing, prevention of slum growth and effective slum and informal settlements upgrading by renovation and rehabilitating government houses and offices with the aim of improving housing needs of the staff under the directorate of housing.

Infrastructural Development is key in growth of the urban centres and towns. To achieve this, Flood lights have been installed at Maduwa and Siekunya in Nambale Township ward and Trailer Parks and Bus Parks at Malaba and Busia Towns have been done. This in turn will increase the revenue for the County and nation as a whole.

To improve and develop Municipality infrastructure and aesthetics, the department has through the Municipality of Busia upgraded 7km gravel roads to bitumen standards around Huduma Centre, YMCA, Magharibi-Fish market and Police line, installed five (5) 30m high mast flood lights, renovated Municipality offices, installed 300 fixed waste collection bins, 8 non-motorized facilities (bill boards) and Purchased 2 tractors, 2 skip loaders and 7 skip bins for solid waste collection.

To undertake these programmes, the 2022/23- 2024/2025 MTEF estimates for the sector are projected to be Ksh 1,032,179,380. For the FY 2022/23 Ksh. 311,836,671 has been set aside for the sector. For 2023/24 and 2024/25 the projections are Ksh. 343,020,338 and Ksh. 377,322,371 respectively.

9. Department of Water, Irrigation, Environment and Natural Resources

A. Vision

A clean, secure and sustainable environment.

B. Mission

To promote, conserve and protect the environment and improve access to clean water for sustainable development.

C. Background for Programmes and Performance Overview.

The Department is composed of four directorates, namely; Water and sewerage, Irrigation and Land Reclamation, Environment and Natural Resources and Climate Change.

The Department is mandated to ensure the people of Busia County are provided with desired service levels in water provision under a secure and sustainable environment. Besides the programs being implemented, the Department ensures the infrastructure developed addresses challenges of professional service delivery, sustainable operation and maintenance, adequate access to services and protect water catchment zones that include river sources, both permanent and seasonal, and wetlands that run across the County that need protection and rehabilitation.

The vegetation cover should increase to levels that will influence environmental changes and have a direct positive impact on climate change and the quality of water.

The key achievements of the department encompass the following: The department has developed an effective maintenance strategy for water supplies and the development of alternative water sources like boreholes, springs, dams and shallow wells. New boreholes were drilled and equipped with solar pumping systems and springs protected thus increasing access to safe clean drinking water to the residents of the County.

Environmental and climate change policies were formed to aid in governance e.g., the Climate Change Act, Sustainable Sand Harvesting and Utilization Bill, Forest Bill and Integrated Waste Management Bill.

The department has established several tree nurseries and planted bamboo and other trees in schools and fragile areas like Osipata, Madivira, Apegei/Aciit and Odioi to alleviate the challenges impacting heavily on our environment as well as trying to achieve the national target of 10% forest cover.

The department's activities have been constrained by various challenges as hereby highlighted; High cost of electricity due to over-dependence on hydroelectric power to automate water transfer, pollution and encroachment in our ecosystem, limitations in physical and settlement planning, dilapidated irrigation infrastructure and non-functional schemes in the County and global climatic changes affecting the entire human settlement and development partners.

The Way forward for the department is to reduce dependence on hydroelectric power as a major source of energy to improve on water supply reliability, to undertake pipe extensions to existing high yielding water sources, hybrid pumping systems installation, development of storage facilities and drilling boreholes in strategic institutions to achieve Sustainable Development Goals, Developing a ground water potential map to guide in drilling borehole in the entire County and increase revenue collection from water supply services.

The department shall also partner with relevant partners in ensuring adequate measures are put in place to effectively control the town and urban waste collection that also includes our

Municipal Sewerage and Sanitation and introduce programs under the Climate Smart initiative that will address effects resulting from global warming.

However, the department through the irrigation sub-sector will rehabilitate the irrigation infrastructure to ensure reliable and efficient irrigation systems, enhanced water storage, land reclamations and appropriate abstraction from rivers and lakes for well-managed schemes to produce a variety of crops for food security and to build resilience towards climate change.

The department is working towards increasing the forest cover to levels that will influence environmental changes and water quality. Proposed programs like School greening, urban forestry, and bamboo propagation and growing, fruit trees propagation and planting, sustainable utilization of our natural resources and livelihood support activities.

To undertake these programmes, the 2022/2023- 2024/2025 MTEF estimates for the sector are projected to be Ksh 1,086,575,842. For the FY 2022/23 Ksh. 330,831,674 has been set aside for the sector. For 2023/24 and 2024/25 the projections are Ksh 360,044,842 and Ksh. 395,699,326 respectively.

D. Programme Objectives

CP 40: General Administration and support Services

To improve on Policy Formulation and General Stewardship

CP 41: Water Supply and Sewerage Services

Ensure clean water supply for industrial and domestic use

CP 42: Environmental Management and Protection

To Enhance Environmental Stewardship for Sustainable Development

CP 43: Small holder irrigation and drainage infrastructure development

To enhance sustainable small holder irrigation and drainage Systems

CP 44: Forest Development and Management

To Increase Tree/Forest Cover for sustainable development

CP 45: Climate Change Fund

Climate change mitigation

10. Department of Health and Sanitation

A. Vision

A healthy, productive and internationally competitive County.

B. Mission

To build a progressive, sustainable, technologically driven, evidence based, and client centered health system with the highest attainable standards of health at all levels of care in Busia County.

C. Background for Programmes and Performance Overview

The Department comprises of three (3) directorates namely: - Administration and Support Services, Curative Health Services and Preventive and Health Promotion Services.

The Department of Health and Sanitation is Mandated to Provide and Promote Preventive, Curative and Rehabilitative Services.

The County has 175 Registered Health Facilities of which 91 are operational under the County government, 14 are Faith-Based Organizations (FBO), 9 are Non-Governmental Owned and 61 Private owned.

The role of the partners and their efforts in supplementing the County government's efforts was notable. Among them being AMPATH in the field of HIV/AIDS, Nutrition International in Nutrition, Fred

Hollows in Eyecare Services, Tupime County in Leadership, accountability, M&E, Malaria and HIV, Red Cross, Community Empowerment Development Centre (CEDC) and Living Goods in Level 1 interventions, PRD/PACE in advocacy and Health financing.

The key achievements for the department for the period included the following;

The department realized construction and completion of Male wards at Kocholia and Nambale Sub-County Hospitals, maternity wing at Port Victoria, theatres at Matayos and Nambale and a dental unit at Alupe Sub-County Hospital. Other projects initiated and ongoing include; Mother and Child Specialist Hospital at Alupe Sub-County Hospital which is at 60%, Ultra-Modern 60 bed maternity unit at Busia County Referral Hospital (BCRH) which is at 90% and modern hospital block at Amukura Sub-County Hospital which is at 75%. The projects are funded by Kenya Devolution Support Program (KDSP).

Through the “Transforming Health Systems for Universal Health Care” (THS/UHC) grant from the World Bank, the department delivered ultrasound machine to Amukura and Port Victoria Sub-County hospitals. In addition, the funds were utilized to procure 3 additional utility vehicles for Samia and Teso North Sub-County Hospitals and the department’s headquarters. Refurbishment of placenta pits at Musokoto Health centre, Amukura and Angurai Sub County Hospitals were undertaken under the same programme. Other interventions executed include integrated outreaches, review meetings, Annual Work Planning (AWP) and targeted training.

Upgrading of various health centers to level IV status marked a key milestone for the department. They include; Amukura, Lupida, Matayos, Angurai, Mukhobola and Bumala B. Health Centres. In addition, Obekai, Malaba, Agenga, Khayo, Malanga, Sikarira and Budalangi dispensaries were upgraded to level III (Health Centres).

The department purchased assorted equipment and beds currently at the Busia County Referral Hospital store, an X-ray machine for Matayos Sub-County Hospital and microscopes for the hospitals.

In efforts to effectively manage and fight the Covid-19 pandemic, Alupe Sub-County Hospital was set up as an Isolation Centre. The Covid-19 vaccination exercise is ongoing and a greater number of the residents are heeding to the National Government call for getting vaccinated. The 4 types of vaccines being administered are Astra Zeneca, Pfizer, Modena and Johnson &Johnson.

To ensure effective leadership and Governance, the department worked closely with the County Assembly and saw the adoption of the Community Health Services Act and Busia County Health Services Act. Once fully implemented, the Health Sector Services Fund Amendment Act of 2021 will give the level 4 and 5 hospitals some degree of autonomy on the management of finances generated by them.

The main challenge impeding the effective realization of the department's mandate is the consistent underfunding of the department. In cognizant of the fact that more staff have been employed and the promotions among the staff done, there is a need for recruitment of more staff in critical areas and cadres to effectively deliver health services across the existing and upgraded facilities across the County. Upgrading of facilities to higher levels calls for optimal resource allocation both in recurrent and development budgets for the full realization of the sectors' functions across the curative and preventive programmes.

To undertake these programmes, the 2022/23- 2024/2025 MTEF estimates for the sector are projected to be Ksh 7,678,973,914. For the FY 2022/2023 Ksh. 2,319,931,696 have been set aside for the sector. For 2023/2024 and 2024/2025 the projections are Ksh. 2,551,924,866 and Ksh. 2,807,117,352 respectively.

D. Programme Objectives

CP 46: General Administration and Support Services

To provide effective and efficient logistical support to improve on service delivery

CP 47: Curative Health Services

To enhance access to basic medical healthcare services

CP 48: Preventive and Promotive Health Services

To reduce the burden of disease, Injuries and mortality

12. The Governorship

A. Vision

To be an institution of honour and excellence for a democratic and prosperous County.

B. Mission

To provide timely and quality services to the residents of Busia through efficient utilization of resources for the fulfilment of the Governor's mandate.

C. Background for programmes and Performance overview.

The Governorship comprises of the office of the Governor, Deputy Governor and County Secretary. The office of the governor is mandated to spearhead policy formulation, promote rule of law, enhance order, mobilize resources, coordinate and supervise effective and efficient public service delivery, respond to critical community needs during disaster occurrences, do publicity, branding, public participation and offer ICT Support Services.

The office of the Deputy Governor has two core units namely; Policy Coordination and Legislative and service delivery units. The office of the Deputy Governor is the hinge of the County government on matters of the County capacity development for policy formulation and coordination.

The office of the County Secretary is a creation of the law and is captured in section 44 of the County Government Act, 2012. The County Secretary is mandated inter-alia; to: be the head of the County public service, be responsible for arranging the business, and keeping the minutes of the County Executive Committee subject to the directions of the Executive Committee, convey the decisions of the County Executive Committee to the appropriate persons and authorities; and perform any other functions as directed by the County Executive Committee. The County Secretary plays a dominant role in determining policy that laid the ground for the institution of key bills which were debated by the County Assembly. The Office of the County Secretary acted as a liaison link between the County Executive and other institutions for the purpose of effective implementation of the decisions emanating from the County Executive. The County Secretary's Office has a legal unit equipped with County Attorney's personnel to help the County

on legal matters. The office will continue to ensure that every effort is made to institute a productive and effective Public Service in the County

To effectively implement its mandate, the office of the governor is segregated into four directorates namely; Communication, Information Communication and Technology, Disaster Management and Enforcement.

The Directorate of ICT supports electronic revenue management system in a bid to maximize tax collection, facilitates transparency and seal existing revenue leakages. It installs IP surveillance (CCTV and access control system at County Headquarters). It promotes and ensures availability and maintenance of ICT equipment, facilitates internet connectivity within the County and oversees key planning and other County documents availed to the public through the County website.

In the medium term the directorate intends to; install structured Network and CCTV at the BCRH, operationalize the server room to increase the storage capacity for CCTV footage, Internet, and backup services, recruit more ICT officers, procure one vehicle to facilitate movement for ICT officers to support services in the sub counties.

The communication directorate has various achievements amongst them; conducted information dissemination and knowledge management to support service delivery, maintained mutual working relationship with media and external partners, facilitated media briefings and talk shows on radio and TV, published supplement in Star Newspaper, produced video documentary which was displayed during 7th Devolution Conference in Makeni, disseminated information about prevention and control of COVID 19, created awareness of the achievements of the County Government of Busia through gathering, processing, analysing and disseminating of information about projects and activities, ensured mutual relationship between the County Government and the media through timely and accurate sharing of information, informed the public by disseminating information through print, electronic and social media, spearheaded the publicity and branding of the County and undertakes media liaison, developed and implemented the communication strategic plan for the County, maintained and regularly updated the website and other social media accounts, produced communication materials through gathering, processing, analysing and disseminating information.

In the medium term the Directorate of Communication intends to; develop communication policy and strategic plan to guide decision making and implementation of communication activities in the County, purchase equipment to facilitate gathering, processing and dissemination of news, purchase large screens to enhance information sharing and also generate revenue, intensify information gathering, processing and dissemination by producing, magazines, newspaper supplements, radio programs, video documentaries and also broadcast or publish the same, increase visibility of the County Government projects by branding all the projects, develop and install bulk SMS system for dissemination of SMS messages.

The communication directorate has been facing challenges as a result of inadequate funding resulting from limited resources. The directorate has not been able to regularly produce magazines, video documentaries, broadcasting of the videos in electronic media and even adequately conduct radio or TV talk shows. Due to this, the directorate failed to adequately inform the public about the achievements and the activities of the County Government of Busia. This eventually led to misunderstanding and indifference between the County and the public. In addition, the directorate does not have dedicated utility vehicles and this has hampered movement around the County for purposes of gathering information, documenting of County projects and covering events hence denying County Government projects and activities sufficient publicity.

The Directorate of Enforcement works on ensuring that citizens exercise their sovereignty in policy formulation in all administrative levels in the County, Sub Counties, Wards and Villages as well as maintenance of law and order. The directorate works in collaboration with revenue directorate to ensure there is full compliance of finance bill.

The Disaster Management Directorate aims at spreading disaster management personnel and disaster equipment in preparedness to respond to disaster occurrences. Another modern firefighting engine has been acquired in the financial year 2020/2021 budget and has been stationed in Malaba town to help curb spread of fire as experienced in the past.

The directorate has so far established three Disaster Command Centres across the County one in Amagoro -Teso North which is complete, the County headquarters Matayos Sub-County which is in phase II awaiting completion and the Funyula Disaster Centre Samia Sub-County which needs to be established.

The Directorate carried out fire compliance inspections for the newly constructed storey buildings at central business district(CBD) and other business premises across the County and issued compliance certificates. The Directorate provided relief services to communities in Teso North and Teso South, to mitigate the effects of floods emanating from River Malakisi and River Malaba. These communities were further supported with construction materials to enable them reclaim their lost livelihoods and houses.

The directorate further installed three lightning arrestors to avert the lightning menace that claimed four lives in the year 2018. They were installed at Kakapel primary school, Korisai Pri. School and Katakwa which have greatly safeguarded lives of pupils and members of the community.

In the FY 2021/2022, the directorate will install three lightning arrestors at Chamasir Pri. School, BCRH and Murumba in Butula Sub-County. In the FY 2022/2023, the directorate intends to procure one fire engine for the southern part, purchase one rescue truck for emergency response, continue with development of disaster centres and installation of more lightning arrestors.

To undertake these programmes, the 2022/2023- 2024/2025 MTEF estimates for the sector are projected to be Ksh 1,834,020,603. For the FY 2022/2023 Ksh. 556,100,965 has been set aside for the sector. For 2023/2024 and 2024/2025 the projections are Ksh 608,533,161 and Ksh 669,386,477 respectively.
